## KUROKI IS DEFEATED

REPORTED THAT HIS ARMY HAS BEEN REPULSED WITH ENORMOUS LOSSES.

### RUSSIANS LOSE MANY MEN

BATTLE AT SIUYEN SAID TO HAVE BEEN DISASTROUS TO THE CZAR'S FORCES.

St. Petersburg, May 21.—A report has been received here saying that General Kuroki has been repulsed with great loss. The report cannot be confirmed.

Newchwang, May 21.—Chinese report a battle at Siuyen in which the Russian casualties numbered 3,000.

It is said also that numbers of Russians at Port Arthur are surrendering to the Japanese.

### DID NOT LOSE A MAN

JAPANESE BEAT AN ORDERLY RETREAT BACK UPON FENG-HUANCHENG.

Chefoo, May 21.—The Japanese in retreating to Fenghuancheng did not lose any men. The movement was conducted in good order when it was seen that an enemy's force of 32,000 blocked the way. General Kuroki was simply feeling the strength of Kuroki's first line, and had no intention of forcing a battle. The Japanese numbered 20,000.

Report had it that Cossacks, under the command of General Rennenkampf, had inflicted heavy loss upon the Japanese and driven them back to Fenghuancheng.

### RUSSIANS AGAIN TAKE HEART.

Believe Their Port Arthur Fleet May Now Make Sorties.

St. Petersburg, May 21.—So changed is the naval situation at Port Arthur by the Japanese disasters, naval officers say, that the officials would not be surprised should Rear Admiral Wittsoff, as soon as his "lame ducks" are repaired, make frequent trips to sea, as the late Vice Admiral Makaroff did, in order to harass the enemy's operations along the western coast of the Liaotung peninsula. They assert that the latest advices show the channel to Port Arthur is free, despite the Japanese claims to the contrary, and they explain that the sole reason why the Russian ships heretofore have not gone out is the tremendous superiority of Admiral Togo's fleet.

Second thoughts have caused the admiralty officials to discredit the report that the Japanese battleships Shikishima and Fuji have also been destroyed. It is believed that the Russian refugees from Port Dalny who circulated the report on arrival at Chefoo probably confounded the Shikishima and Fuji with the Hatsuse and Yoshino. But the official advices do show that the Kasaga, which rammed the Yoshino, was damaged and the opinion prevails that she must be seriously injured, necessitating her withdrawal from the fleet for a time.

### REPORTS ON SKIRMISHES.

General Kuropatkin Sends Details of Land Operations.

St. Petersburg, May 21.—The following dispatch from General Kuropatkin to the emperor, dated at Liaoyang, May 19, has been received:

"A detachment of Cossacks engaged a detachment of the Japanese advance guard on May 18 north of Fenghuancheng in a mountainous district. The fight began in the morning and lasted until 2:30 o'clock in the afternoon. The Japanese were successfully dislodged from four positions, extending over fifteen miles.

"The pursuit of the Japanese was stopped at Datiansy, thirteen miles north of Fenghuancheng. Our casualties were six Cossacks wounded, two horses killed and eight horses wounded.

"There is no trace of the enemy in the valley of Tsanhoka, so far as the road leading to the Tchangouline pass, eighteen miles north of Fenghuancheng, or in the valley of the Ai river from Saimadza to Kuandiansan on the road to Doushanlinsa.

"A squadron of Japanese cavalry which left Kuandiansan on May 17 for Saimadza was repulsed by one of our patrols at Schaogo, twelve miles from Kuandiansan. The patrol retired without loss.

"Japanese infantry, 2,000 strong, advanced May 15 toward Salitszalpudza, which was evacuated May 16."

### Big Strike Probable.

Minneapolis, May 21.—This city is face to face with a building trades strike that threatens to tie up building operations indefinitely. The Builders and Trades Exchange, an organization including large contractors, sent notice to trades unions that after May 25 the "open shop" rule would be enforced.

### TOLD BY ADMIRAL WITTSEOFF.

Russian Naval Officer Describes Disaster to Japs.

St. Petersburg, May 21.—High Admiral Grand Duke Alexis has received the following dispatch, bearing Friday's date, from Viceroy Alexieff, saying the following report by mail from Rear Admiral Wittsoff, in command of the naval forces at Port Arthur, was received on the night of May 19-20:

"Three of the enemy's battleships and three cruisers appeared to the east on the morning of May 15. Their movements were watched from Liaotian and Golden Hill. After crossing the meridian of Port Arthur, this squadron turned eastward and appeared to be getting into battle formation, then an explosion was observed under the third battleship, which was of the Fuji type. The ironclad stopped, heeled over to starboard and began to sink by the bow, sending up a quantity of steam.

"Two cruisers immediately approached and it was observed from Golden Hill that they lowered boats after which the battleship gradually righted herself and appeared to recover from her injury.

"At that minute another three funneled battleship of the Shikishima type approached the scene of the accident and a mine exploded under her midship section, causing a similar explosion to that which occurred in the case of the battleship Petropavlovsk. In the course of one minute she sank. The third ironclad put out to sea, the cruisers remaining on the scene of the disaster.

### Sent Out Torpedo Boats.

"I sent sixteen torpedo boats to harass the enemy and should a favorable opportunity present itself, to attack the ships separately.

"The cruiser Novik went out to the passage in order if necessary to support the torpedo boats, but the cruisers got up steam at this juncture and drew in toward the shore.

"The Japanese cruisers opened fire with all their heavy guns on our torpedo boats, but the latter returned to port without loss.

"The damaged ironclad then disappeared below the horizon with her attendant cruisers, escaping from the pursuit of our flotilla.

"In the meantime night had fallen, the wind had freshened and there was a rough sea.

"On the morning of May 16 three torpedo boats approached the scene of the disaster. I sent the Novik against them and they put to sea.

"The ship which blew up in Kerr bay was evidently a cruiser, judging by her funnels and fighting tops, which are visible at low water.

"According to reports received from the coast, three torpedo boats, covering an attempted landing in Kerr bay, were damaged by our light artillery."

### LACKS CONFIRMATION

REPORT THAT A BIG BATTLE HAS BEEN FOUGHT IN VICINITY OF FENGHUANCHENG.

London, May 21.—There is no confirmation of the rumors that a big battle has been fought in the neighborhood of Fenghuancheng. The view held here is that after testing the strength of the Russian position at the Maotien pass General Kuroki made an orderly retirement and that his flanking movement in the direction of Mukden continues.

On the other hand the Daily Mail's correspondent at Mukden claims that the Russians are now fully aware of the Japanese plans at attack. The uncertainty which has hitherto characterized the Russian campaign has ceased, the correspondent says, and severe fighting is imminent.

The correspondent of the Daily Telegraph at Newchwang says that he hears that a clever strategical flanking movement has been executed by the Russians, threatening the advanced position of the Japanese east of Liaoyang, and compelling them to retire on Fenghuancheng.

The Daily Mail's Newchwang correspondent asserts that the Japanese are now able to land anywhere on the western coast of the Liaoyang peninsula without serious opposition from the Russians.

### NORTHERN SECURITIES CASE.

Harriman-Pierce Suit Taken Up at Newark, N. J.

Newark, N. J., May 21.—The case of E. H. Harriman and Winslow S. Pierce against the Northern Securities company and the Northern Pacific railway, being a petition for an injunction to prevent the carrying out of the plan for the distribution of railroad stocks held by the Securities company, was called before United States Judge Bradford during the day. This suit is similar to one heretofore dismissed by the United States circuit justices at St. Paul, the Northern Pacific, however, having been made a co-defendant in the present action. Neither Mr. Harriman nor President Hill of the Northern Securities company was present when the case was called. Attorney Thatcher was present, representing the Oregon Short Line bondholders, to protest against the suit on the ground that the trustees of that line, who had been named in the petition, had no right to interfere with the plan for distribution of Northern Securities assets, the bondholder insisting that the plan proposed was perfectly just and equitable. Much time was occupied at the opening in the exchange of legal papers among the counsel.

## BRITISH VESSEL SINKS

THIRTEEN PERSONS PERISH IN THE WRECK OF THE STEAMSHIP TURRET BAY.

### ONLY NINE MEN ARE SAVED

VESSEL STRIKES ON ROCKS OFF ST. PAUL ISLAND AND SINKS IN A SHORT TIME.

North Sydney, N. S., May 21.—The worst marine disaster in the history of the St. Lawrence river coal trade occurred off Cape North, the northernmost point of Cape Breton, when the British steamer Turret Bay, laden with coal and bound from Sydney to Montreal, struck on the rocks off St. Paul Island, and sank in deep water twenty minutes later, causing a loss of thirteen lives. Only nine men from a crew of twenty-two were saved.

The dead are: J. W. Hayden, captain; M. A. McCara, first officer; G. F. Gray, second officer; W. H. Adams, chief engineer; H. S. Matthews, second engineer; George Johnson, boatswain, together with the steward, name unknown, cook messroom boy, two firemen, a seaman and a helper.

According to the government agent at St. Paul's Island the steamer struck near Southwest light about 8:30 o'clock a. m. A dense fog prevailed at the time and the sea was running mountain high. Almost immediately the Turret Bay backed off into deep water, but sank within twenty minutes.

The crew attempted to cut the boats clear but while thus engaged the vessel plunged down, bow first, carrying every man aboard with her. Some of the men struggled to the surface and clung to floating pieces of wreckage. Fourteen persons were taken off the wreckage by the lifesaving crew that put out from the island, but five of them died before reaching the island.

The survivors say that they did not know that they were in danger until the vessel struck. The fog was so thick that the shore could not be seen, hearing the fog horn at the lighthouse they mistook it for the whistle of another steamer.

The disaster occurred nineteen miles north of Cape North. There is a lighthouse on the northeast point of St. Paul's Island and also one on the southwest point and a steam fog whistle is situated near the southwest light. It was this whistle that the crew of the Turret Bay heard.

### WEARY OF BALLOTING.

Illinois Republicans Adjourn Until May 31.

Springfield, Ill., May 21.—Unable to end the deadlock on the gubernatorial nomination, the Republican state convention adjourned Friday until 2 p. m. May 31.

Only one ballot was taken. It was the fifty-eighth roll call and showed no material change from the fifty-seventh, taken Thursday night. The convention suspended operations leaving Governor Yates in the lead with 483 votes. The others follow: Lowden, 392; Deneen, 385; Hamlin, 113; Warner, 53; Sherman, 46; Pierce, 29.

All the candidates agreed to the eleven day recess. The band played "Home, Sweet Home," but nobody sang, for ten days of shouting had left the crowd hoarse and exhausted. The convention was in session less than an hour Friday.

### MUSICIANS ELECT OFFICERS.

Joseph N. Weber of Cincinnati Chosen President.

New York, May 21.—The American Federation of Musicians elected officers as follows: President, Joseph N. Weber, Cincinnati; secretary, Owen Miller, St. Louis; treasurer, Otto Ostendorf, St. Louis. Delegates to the American Federation of Labor: Joseph N. Weber, Owen Miller and D. A. Carey.

The convention adopted resolutions favoring legislation by congress prohibiting any enlisted bands or members thereof from performing any other duties than those for which they have been enlisted, and seeking better pay for army and navy musicians.

### CANAL DEAL NOW COMPLETED.

Final Payment Made to the Republic of Panama.

Washington, May 21.—The treasury department Friday drew a warrant for \$5,000,000 in favor of J. P. Morgan & Co., as the fiscal agent of the Republic of Panama in final settlement of the canal purchase. The issue of this warrant fully completes all payments and transactions of every character in connection with the purchase and transfer of the canal property.

### RUSSIAN CRUISER DESTROYED.

Japs Report Disaster to the Vladivostok Squadron.

Tokio, May 21.—A trustworthy report has been received at imperial headquarters that the Russian cruiser Bogatyr ran ashore outside Vladivostok in a heavy fog and was destroyed. This is the first ship of the Vladivostok squadron to be destroyed.

The report of the grounding of the cruiser Bogatyr was denied by the Russian admiralty Friday.

### WILL TEST LEGALITY

### WISCONSIN REPUBLICANS BEGIN

LEGAL BATTLE OVER THEIR STATE TICKETS.

Milwaukee, May 21.—A Sentinel dispatch from Madison, Wis., says:

The first step to determine which of the two state conventions held here this week was legally the party convention was taken by the anti-third term Republicans Friday night when a demand was made upon W. D. Connor, chairman of the La Follette state central committee, to permit attorneys to examine and make copies of all delegate credentials and other papers bearing on the question as to what persons were elected as delegates.

Notice was also served that such papers must be carefully preserved intact in order that they may be used as evidence in the contest to determine what delegates at large from Wisconsin are entitled to seats in the national convention at Chicago and as evidence in any contest that may be made in the courts to determine which of the two conventions shall have the names of its nominees placed upon the official ballot under the regular party name.

### THE PRESS PARLIAMENT.

Dr. Von Kupffer of Berlin Presides Over One Session.

St. Louis, May 21.—The Third session of the International Press parliament, which is being attended by representatives of newspapers in all parts of the world, was held in the hall of congresses at the world's fair at night.

The discussions embraced a variety of topics concerning the press and were general.

Dr. H. von Kupffer of Lokal Anzeiger, Berlin, presided at the night session.

J. R. Fisher of the Northern Whig, Belfast, Ireland; E. N. Hook of the Record, Marion, Kan., and J. T. Graves of the Atlanta (Ga.) News delivered addresses.

### Heavy Loss From Fire.

Montreal, May 21.—Fire Friday did damage estimated at \$250,000 to the seven-story carriage factory of B. Ledoux & Co. on Osborn street.

### TRADE AND CROP SITUATION.

Weather Conditions Still the Apparent Drawback.

New York, May 21.—Bradstreet's weekly review of trade says weather conditions are still the apparent drawback in the trade and crop situation. Temperatures have been too cool to allow of free distribution of spring and summer goods at retail, and they likewise retard germination and growth of crops, though permitting good progress in seeding in various sections of the country. In jobbing circles the feeling is that the spring trade is past and gone, and efforts are now concentrated on fall business, reports as to which are fairly good, though not equal to a year ago. Some faint evidences of improvement are to be noted, particularly in the shoe and leather industries, and in wool at Western primary markets, but against this are to be cited further weakness in iron, rather more quietness in lumber and talk of further curtailment in cotton mill production. The industrial situation is rather quieter, but the most serious strike of the year, that of masters and pilots of lake vessels, continues, with no prospect of settlement. This has practically killed transportation on the lakes and the coal, ore, lumber and grain trades exhibit the effects of the almost total stoppage of the activities of over 100,000 men. Railway earnings show recessions from last year. At Eastern markets wholesale trade in dry goods is moderate.

### IOWA COLLEGE TRACK MEET.

Normal School Wins From Coe College by Narrow Margin.

Cedar Rapids, Ia., May 21.—After Coe college had broken five I. C. T. U. records and one state record, the state normal school, in the fastest meet ever held by the Iowa Intercollegiate Track union, won the meet by two points from Coe. The day was perfect and the track in excellent shape.

Total points: Normal, 47; Coe, 45; Cornell, 29; Penn, 7; Upper Iowa University, 6; Luther, 4.

British Vessel Goes to Tangier.

Gibraltar, May 21.—A British torpedo boat, No. 85, sailed during the day for Tangier in connection with the kidnapping of an American citizen named Perdicaris and his stepson, Cromwell Varley, a British subject, by armed Arabs headed by Raisuli, the notorious brigand chief.

## KUROKI IS DEFEATED

REPORTED THAT HIS ARMY HAS BEEN REPULSED WITH ENORMOUS LOSSES.

### RUSSIANS LOSE MANY MEN

BATTLE AT SIUYEN SAID TO HAVE BEEN DISASTROUS TO THE CZAR'S FORCES.

St. Petersburg, May 21.—A report has been received here saying that General Kuroki has been repulsed with great loss. The report cannot be confirmed.

Newchwang, May 21.—Chinese report a battle at Siuyen in which the Russian casualties numbered 3,000.

It is said also that numbers of Russians at Port Arthur are surrendering to the Japanese.

### DID NOT LOSE A MAN

JAPANESE BEAT AN ORDERLY RETREAT BACK UPON FENG-HUANCHENG.

Chefoo, May 21.—The Japanese in retreating to Fenghuancheng did not lose any men. The movement was conducted in good order when it was seen that an enemy's force of 32,000 blocked the way. General Kuroki was simply feeling the strength of Kuroki's first line, and had no intention of forcing a battle. The Japanese numbered 20,000.

Report had it that Cossacks, under the command of General Rennenkampf, had inflicted heavy loss upon the Japanese and driven them back to Fenghuancheng.

### RUSSIANS AGAIN TAKE HEART.

Believe Their Port Arthur Fleet May Now Make Sories.

St. Petersburg, May 21.—So changed is the naval situation at Port Arthur by the Japanese disasters, naval officers say, that the officials would not be surprised should Rear Admiral Wittsoeff, as soon as his "lame ducks" are repaired, make frequent trips to sea, as the late Vice Admiral Makaroff did, in order to harass the enemy's operations along the western coast of the Liaoting peninsula. They assert that the latest advices show the channel to Port Arthur is free, despite the Japanese claims to the contrary, and they explain that the sole reason why the Russian ships heretofore have not gone out is the tremendous superiority of Admiral Togo's fleet.

Second thoughts have caused the admiralty officials to discredit the report that the Japanese battleships Shikishima and Fuji have also been destroyed. It is believed that the Russian refugees from Port Dalny who circulated the report on arrival at Chefoo probably confounded the Shikishima and Fuji with the Hatsuse and Yoshino. But the official advices do show that the Kasaga, which rammed the Yoshino, was damaged, and the opinion prevails that she must be seriously injured, necessitating her withdrawal from the fleet for a time.

### REPORTS ON SKIRMISHES.

General Kuropatkin Sends Details of Land Operations.

St. Petersburg, May 21.—The following dispatch from General Kuropatkin to the emperor, dated at Liaoyang, May 19, has been received:

"A detachment of Cossacks engaged a detachment of the Japanese advance guard on May 18 north of Fenghuancheng in a mountainous district. The fight began in the morning and lasted until 2:30 o'clock in the afternoon. The Japanese were successfully dislodged from four positions, extending over fifteen miles.

"The pursuit of the Japanese was stopped at Datiansy, thirteen miles north of Fenghuancheng.

"Our casualties were six Cossacks wounded, two horses killed and eight horses wounded.

"There is no trace of the enemy in the valley of Tsanhoka, so far as the road leading to the Tchanguouline pass, eighteen miles north of Fenghuancheng, or in the valley of the Ai river from Saimadza to Kuandiansan on the road to Douslanlintsa.

"A squadron of Japanese cavalry, which left Kuandiansan on May 17 for Saimadza was repulsed by one of our patrols at Schozo, twelve miles from Kuandiansan. The patrol retired without loss.

"Japanese Infantry, 2,000 strong, advanced May 15 toward Salitsaiyudza, which was evacuated May 16."

### Big Strike Probable.

Minneapolis, May 21.—This city is face to face with a building trades strike that threatens to tie up building operations indefinitely. The Builders and Trades' Exchange, an organization including large contractors, sent notice to trades unions that after May 25 the "open shop" rule would be enforced.

### TOLD BY ADMIRAL WITTSEOFF.

Russian Naval Officer Describes Disaster to Japs.

St. Petersburg, May 21.—High Admiral Grand Duke Alexis has received the following dispatch, bearing Friday's date, from Viceroy Alexieff, saying the following report by mail from Rear Admiral Wittsoeff, in command of the naval forces at Port Arthur, was received on the night of May 19-20:

"Three of the enemy's battleships and three cruisers appeared to the east on the morning of May 15. Their movements were watched from Liaotian and Golden Hill. After crossing the meridian of Port Arthur, this squadron turned eastward and appeared to be getting into battle formation, then an explosion was observed under the third battleship, which was of the Fuji type. The ironclad stopped, heeled over to starboard and began to sink by the bow, sending up a quantity of steam.

"Two cruisers immediately approached and it was observed from Golden Hill that they lowered boats after which the battleship gradually righted herself and appeared to recover from her injury.

"At that minute another three funneled battleship of the Shikishima type approached the scene of the accident and a mine exploded under her midship section, causing a similar explosion to that which occurred in the case of the battleship Petropavlovsk. In the course of one minute she sank.

"The third ironclad put out to sea, the cruisers remaining on the scene of the disaster.

### Sent Out Torpedo Boats.

"I sent sixteen torpedo boats to harass the enemy and should a favorable opportunity present itself, to attack the ships separately.

"The cruiser Novik went out to the passage in order if necessary to support the torpedo boats, but the cruisers got up steam at this juncture and drew in toward the shore.

"The Japanese cruisers opened fire with all their heavy guns on our torpedo boats, but the latter returned to port without loss.

"The damaged ironclad then disappeared below the horizon with her attendant cruisers, escaping from the pursuit of our flotilla.

"In the meantime night had fallen, the wind had freshened and there was a rough sea.

"On the morning of May 16 three torpedo boats approached the scene of the disaster. I sent the Novik against them and they put to sea.

"The ship which blew up in Kerr bay was evidently a cruiser, judging by her funnels and fighting tops, which are visible at low water.

"According to reports received from the coast, three torpedo boats, covering an attempted landing in Kerr bay, were damaged by our light artillery."

### LACKS CONFIRMATION

REPORT THAT A BIG BATTLE HAS BEEN FOUGHT IN VICINITY OF FENGHUANCHENG.

London, May 21.—There is no confirmation of the rumors that a big battle has been fought in the neighborhood of Fenghuancheng. The view held here is that after testing the strength of the Russian position at the Maotien pass General Kuroki made an orderly retirement and that his flanking movement in the direction of Mukden continues.

On the other hand the Daily Mail's correspondent at Mukden claims that the Russians are now fully aware of the Japanese plans at attack. The uncertainty which has hitherto characterized the Russian campaign has ceased, the correspondent says, and severe fighting is imminent.

The correspondent of the Daily Telegraph at Newchwang says that he hears that a clever strategical flanking movement has been executed by the Russians, threatening the advanced position of the Japanese east of Liaoyang, and compelling them to retire on Fenghuancheng.

The Daily Mail's Newchwang correspondent asserts that the Japanese are now able to land anywhere on the western coast of the Liaoyang peninsula without serious opposition from the Russians.

### NORTHERN SECURITIES CASE.

Harriman-Pierce Suit Taken Up at Newark, N. J.

Newark, N. J., May 21.—The case of E. H. Harriman and Winslow S. Pierce against the Northern Securities company and the Northern Pacific railway, being a petition for an injunction to prevent the carrying out of the plan for the distribution of railroad stocks held by the Securities company, was called before United States Judge Bradford during the day. This suit is similar to one heretofore dismissed by the United States circuit justices at St. Paul, the Northern Pacific, however, having been made a co-defendant in the present action.

Neither Mr. Harriman nor President Hill of the Northern Securities company was present when the case was called. Attorney Thatcher was present, representing the Oregon Short Line bondholders, to protest against the suit on the ground that the trustees of that line, who had been named in the petition, had no right to interfere with the plan for distribution of Northern Securities assets, the bondholders insisting that the plan proposed was perfectly just and equitable.

Much time was occupied at the opening in the exchange of legal papers among the counsel.

## BRITISH VESSEL SINKS

THIRTEEN PERSONS PERISH IN THE WRECK OF THE STEAMSHIP TURRET BAY.

### ONLY NINE MEN ARE SAVED

VESSEL STRIKES ON ROCKS OFF ST. PAUL ISLAND AND SINKS IN A SHORT TIME.

North Sydney, N. S. May 21.—The worst marine disaster in the history of the St. Lawrence river coal trade occurred off Cape North, the northernmost point of Cape Breton, when the British steamer Turret Bay, laden with coal and bound from Sydney to Montreal, struck on the rocks off St. Paul Island, and sank in deep water twenty minutes later, causing a loss of thirteen lives. Only nine men from a crew of twenty-two were saved.

The dead are: J. W. Hayden, captain; M. A. McCara, first officer; G. F. Gray, second officer; W. H. Adams, chief engineer; H. S. Matthews, second engineer; George Johnson, boatswain, together with the steward, name unknown, cook messroom boy, two firemen, a seaman and a helper.

According to the government agent at St. Paul's Island the steamer struck near Southwest light about 8:30 o'clock a. m. A dense fog prevailed at the time and the sea was running mountain high. Almost immediately the Turret Bay backed off into deep water, but sank within twenty minutes.

The crew attempted to cut the boats clear but while thus engaged the vessel plunged down, bow first, carrying every man aboard with her. Some of the men struggled to the surface and clung to floating pieces of wreckage. Fourteen persons were taken off the wreckage by the lifesaving crew that put out from the island, but five of them died before reaching the island.

The survivors say that they did not know that they were in danger until the vessel struck. The fog was so thick that the shore could not be seen, hearing the fog horn at the lighthouse they mistook it for the whistle of another steamer.

The disaster occurred nineteen miles north of Cape North. There is a lighthouse on the northeast point of St. Paul's Island and also one on the southwest point and a steam fog whistle is situated near the southwest light. It was this whistle that the crew of the Turret Bay heard.

### WEARY OF BALLOTING.

Illinois Republicans Adjourn Until May 31.

Springfield, Ill., May 21.—Unable to end the deadlock on the gubernatorial nomination, the Republican state convention adjourned Friday until 2 p. m. May 31.

Only one ballot was taken. It was the fifty-eighth roll call and showed no material change from the fifty-seventh, taken Thursday night. The convention suspended operations leaving Governor Yates in the lead with 483 votes. The others follow: Lowden, 392; Deneen, 385; Hamlin, 113; Warner, 53; Sherman, 46; Pierce, 29.

All the candidates agreed to the eleven day recess. The band played "Home, Sweet Home," but nobody sang, for ten days of shouting had left the crowd hoarse and exhausted. The convention was in session less than an hour Friday.

### MUSICIANS ELECT OFFICERS.

Joseph N. Weber of Cincinnati Chosen President.

New York, May 21.—The American Federation of Musicians elected officers as follows: President, Joseph N. Weber, Cincinnati; secretary, Owen Miller, St. Louis; treasurer, Otto Ostendorf, St. Louis. Delegates to the American Federation of Labor: Joseph N. Weber, Owen Miller and D. A. Carey.

The convention adopted resolutions favoring legislation by congress prohibiting any enlisted bands or members thereof from performing any other duties than those for which they have been enlisted, and seeking better pay for army and navy musicians.

### CANAL DEAL NOW COMPLETED.

Final Payment Made to the Republic of Panama.

Washington, May 21.—The treasury department Friday drew a warrant for \$9,000,000 in favor of J. P. Morgan & Co. as the fiscal agent of the Republic of Panama in final settlement of the canal purchase. The issue of this warrant fully completes all payments and transactions of every character in connection with the purchase and transfer of the canal property.

### RUSSIAN CRUISER DESTROYED.

Japs Report Disaster to the Vladivostok Squadron.

Tokio, May 21.—A trustworthy report has been received at imperial headquarters that the Russian cruiser Bogatyr ran ashore outside Vladivostok in a heavy fog and was destroyed. This is the first ship of the Vladivostok squadron to be destroyed.

The report of the grounding of the cruiser Bogatyr was denied by the Russian admiralty Friday.

## WILL TEST LEGALITY

### WISCONSIN REPUBLICANS BEGIN

LEGAL BATTLE OVER THEIR STATE TICKETS.

Milwaukee, May 21.—A Sentinel dispatch from Madison, Wis., says: The first step to determine which of the two state conventions held here this week was legally the party convention was taken by the anti-third term Republicans Friday night when a demand was made upon W. D. Connor, chairman of the La Follette state central committee, to permit attorneys to examine and make copies of all delegate credentials and other papers bearing on the question as to what persons were elected as delegates.

Notice was also served that such papers must be carefully preserved intact in order that they may be used as evidence in the contest to determine what delegates at large from Wisconsin are entitled to seats in the national convention at Chicago and as evidence in any contest that may be made in the courts to determine which of the two conventions shall have the names of its nominees placed upon the official ballot under the regular party name.

### THE PRESS PARLIAMENT.

Dr. Von Kuppfer of Berlin Presides Over One Session.

St. Louis, May 21.—The Third session of the International Press parliament, which is being attended by representatives of newspapers in all parts of the world, was held in the hall of congresses at the world's fair at night. The discussions embraced a variety of topics concerning the press and were general.

Dr. H. von Kuppfer of Lokal Anzeiger, Berlin, presided at the night session.

J. R. Fisher of the Northern Whig, Belfast, Ireland; E. N. Hock of the Record, Marion, Kan., and J. T. Graves of the Atlanta (Ga.) News delivered addresses.

### Heavy Loss From Fire.

Montreal, May 21.—Fire Friday did damage estimated at \$250,000 to the seven-story carriage factory of B. Ledoux & Co. on Osborn street.

### TRADE AND CROP SITUATION.

Weather Conditions Still the Apparent Drawback.

New York, May 21.—Bradstreet's weekly review of trade says weather conditions are still the apparent drawback in the trade and crop situation. Temperatures have been too cool to allow of free distribution of spring and summer goods at retail, and they likewise retard germination and growth of crops, though permitting good progress in seeding in various sections of the country. In jobbing circles the feeling is that the spring trade is past and gone, and efforts are now concentrated on fall business, reports as to which are fairly good, though not equal to a year ago. Some faint evidences of improvement are to be noted, particularly in the shoe and leather industries, and in wool at Western primary markets, but against this are to be cited further weakness in iron, rather more quietness in lumber and talk of further curtailment in cotton mill production. The industrial situation is rather quiet, but the most serious strike of the year, that of masters and pilots of lake vessels, continues, with no prospect of settlement. This has practically killed transportation on the lakes and the coal, ore, lumber and grain trades exhibit the effects of the almost total stoppage of the activities of over 100,000 men. Railway earnings show recessions from last year. At Eastern markets wholesale trade in dry goods is moderate.

### IOWA COLLEGE TRACK MEET.

Normal School Wins From Coe College by Narrow Margin.

Cedar Rapids, Ia., May 21.—After Coe college had broken five I. C. T. U. records and one state record, the state normal school, in the fastest meet ever held by the Iowa Intercollegiate Track union, won the meet by two points from Coe. The day was perfect and the track in excellent shape.

Total points: Normal, 47; Coe, 45; Cornell, 39; Penn, 7; Upper Iowa University, 6; Luther, 4.

### British Vessel Goes to Tangier.

Gibraltar, May 21.—A British torpedo boat, No. 88, sailed during the day for Tangier in connection with the kidnapping of an American citizen named Perdicaris and his stepson, Cromwell Varley, a British subject, by armed Arabs headed by Raisuli, the notorious brigand chief.

## HOME BRAND BANQUET

I. N. Hatfield Entertains a Dozen or So of His Friends At a Swell Banquet at Ideal Cafe.

There was a swell gathering at the Ideal Cafe last night when I. N. Hatfield entertained some dozen of his friends at a genuine "home brand" banquet of a dozen courses or more. Mine Host Hatfield proved equal to the occasion and there wasn't a thing left undone that could be done to make the event a memorable one for those present. Col. C. D. Johnson was the toast master and there was a flow of speech following the different courses that made the walls of the place ring. The event was a prolonged affair and it is said that it was one of the swellest of the kind ever attempted in this city. The following were the honored guests: Col. C. D. Johnson, Al. Mattes, George H. Cook, Dr. Batcheller, E. C. Bane, F. A. Farrar, George Kreatz, W. T. Orcutt, R. J. Hartley, H. D. Treglawny and H. J. Spencer.

## IN THE INTEREST OF LABOR

W. Lawrence, of Rochester, N. Y., Was in the City Last Evening In Interest of Garment Makers

W. Lawrence, of Rochester, N. Y., was in the city last night and met with a large number of laboring men at Trades and Labor hall to discuss with them questions pertaining to the big strike at Rochester, N. Y., of the garment makers. The strike has been a historic one and one in which laboring men all over the country should be interested. Mr. Lawrence was thoroughly conversant with the situation and gave the local union men many good pointers on the manufacture of the clothing at Rochester.

Herbert Wood, formerly of The Arena, has taken a position with THE DISPATCH in the job department.

The Germania Maennerchor will give a musical and literary program in Peabody hall this evening and the members invite their many friends to be present.

Fred Slipp left this afternoon for the twin cities on business.

Mrs. Chas. Rose left for Little Falls this afternoon for a visit.

H. A. Rollins has bought the Warren barber shop in the Antlers hotel.

Mrs. Rosa Parker has returned from Duluth where she went a few days ago on business.

President LaBar, of the First National, returned this afternoon from a business trip to Little Falls.

W. S. Cox and J. H. Murphy will leave tomorrow for eastern points and will be returning take in the St. Louis exposition.

The teamster's union will hold a meeting this evening. All members are requested to be present as business of importance is to be transacted.

Commissioner N. M. Paine left for Deerwood this afternoon. There he will meet Commissioner Maghan and they will view some routes for proposed ditches.

E. E. Reilly, formerly a resident of this city and employed by A. L. Hoffman & Co., was married yesterday at Sauk Centre to Miss Gertrude Walcott, a charming young lady of that city.

Rev. William Walker, of the First Baptist church, will address the men's meeting at the Y. M. C. A. tomorrow afternoon. There will be special music and the address should be good one as Mr. Walker was at one time a general secretary himself and knows something of the work.

Mrs. Chas. Fratcher left this afternoon for St. Paul for a short visit.

Louis Yager, of Minneapolis, arrived in the city this afternoon to spend Sunday with his wife.

Mrs. Holmbeck left this afternoon for Duluth after a pleasant visit in the city with relatives.

G. R. Merritt, traveling freight agent of the Northern Pacific, was in the city for a short time today.

Conductor Smith and daughter, Miss Genevieve Smith, left this afternoon for St. Paul for a few days visit.

Dr. D. M. McDonald left this afternoon for Minneapolis to visit over Sunday with friends and relatives.

Mrs. Chas. Kinkle, of Walker, came down from the north this morning and left on No. 5 for the twin cities.

Attorney Blanchard, who has been to Aitkin on legal business, returned to his home in Little Falls this afternoon.

Miss A. M. Miller arrived in the city this afternoon from the south for a visit with friends and relatives for a short time.

Mrs. R. A. Beise returned from Sauk Centre this afternoon where she has been since the death of her mother, Mrs. Kellar.

The residence of W. H. Durham which is being built on the corner of Third and Kingwood streets is fast nearing completion.

Little six-year-old Stanley, son of Mr. and Mrs. L. A. Canfield, is very sick and is gradually failing. He is not expected to recover.

Miss Grace Low came down from Fargo this morning and proceeded to Minneapolis for a visit with her sister, Mrs. Chadbourne.

The Bachelor Maids entertained their gentleman friends at a dancing party last evening in Elk hall. A very pleasant evening was spent.

Charles Farrell, of The National, who was taken to St. Joseph's hospital some time ago, is still very poorly, a fact which his many friends will regret to learn.

Mildred, the one-year-old daughter of Mr. and Mrs. Ehnborn, died this morning and will be buried from the Swedish Baptist church tomorrow afternoon at 3 o'clock.

Members of the Methodist church have been busy this week getting their new carpet down and helping Pastor Knowles improve the appearance around the parsonage.

Congressman Buckman, of Little Falls, passed through the city this afternoon en route to Fargo on business. Mr. Buckman has been out on his farm for a few weeks and is the picture of health now.

Herman Holzer, one of the proprietors of the palatial Midway saloon, between Fargo and Moorhead passed through the city this afternoon en route to Duluth and it is reported he will be married Monday morning in the Zenith city to a Chicago lady.

### REV. MR. BROWN SAYS:

The Sermon Preached at the First Congregational Church Tomorrow night, May 22 will be of special interest to the

**Black Hawks and Bachelor Maids**

After all, the thing I like best about "FORCE" is the enjoyment I get from eating it.

It makes little difference how "good" a food is if you don't like it.

I've met mighty few people who don't like "FORCE."

*Sunny Jim*

You can relish "FORCE" for a longer time, without change, than any other food I know of. But it isn't such a bad notion, now and then, to switch off onto something else for a day or so—Even though you can't change to anything quite so good.

G. W. Holland is building some 4 room cottages on Chestnut street in southeast Brainerd on 5 acre and smaller tracts of land which are as rich as any in the state. This land can be now plowed and planted if purchaser desires. The houses and land are for sale on monthly payments or otherwise for a little more than they would rent for. He also has 3 lots on Front street between 9th and 10th St., for sale cheap. 25616

#### A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. Van Meire of Shepherdstown, W. Va., says "I had a severe case of Bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It is infallible for croup, whooping cough, grip, pneumonia and consumption. Try it. It is guaranteed by H. P. Dunn & Co., druggists. Trial bottle free. Reg. sizes 50c, \$1.00.

Brun's the optician will be at National Hotel parlors May 24 and 25. Eyes examined free.

#### From the World's Fair City.

Mrs. Jessie Kent, 411 Pine St., St. Louis, writes: "Greene's Cough Cure probably saved my daughter Flora's life. It broke up an extreme case of croup which completely baffled our family doctor. Flora is now in excellent health and attending kindergarten. I strongly recommend this remedy for children. It removes the cause." Our files contain hundreds of such letters. Sold by H. P. Dunn & Co.

### FOR SALE.

Second hand furniture including dining table, chairs, couches, sofa, book case, sewing machine, gasoline stove, stands, wire flower stand, lamps, clocks, etc. Also a canopy top phaeton and single harness. The above is a partial list of the goods to be sold. Sale will begin Thursday afternoon, at 409 4th street North.

Neither brain workers nor muscle workers can afford to neglect stomach or bowel disorders. Robust health is not possible where the action of these organs is faulty. Greene's Little Laxative Beans have most marvelous curative properties and have proven a boon to many sufferers. They will help you. H. P. Dunn & Co.

#### Notice.

All those who have an account with the Scandia Shoe Store will please settle the same before May 25. After that date, on account of our removal to Crookston, they will be left in an attorney's hands for collection.

SCANDIA SHOE STORE.

#### A Startling Test.

To save a life, Dr. T. G. Merritt, of No. Mehoopany, Pa., made a startling test resulting in a wonderful cure. He writes, "a patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first, and has not had an attack in 14 months." Electric Bitters are positively guaranteed for dyspepsia, indigestion, constipation and kidney troubles. Try them. Only 50c at H. P. Dunn & Co.

#### STORING.

Clean, Sanitary, Airy Storerooms are used while ageing.

## Dudley's Famous Coffees

One secret of the delicious flavor of these coffees is the absolute freedom from mold or faint due to dampness or foul air. Light, airy storerooms are used—not dark, damp basements—and great care is taken to keep pure air circulating through these rooms at all times. An even temperature is also maintained. Result—Most delicious aroma and flavor ever found in coffee. They cost no more than ordinary coffees.

M. J. REILLY.

## SIX PERSONS PERISH

CROW RIVER OVERFLOWS BANKS AND INUNDATES SECTIONS OF WYOMING.

### BAD FLOODS IN COLORADO

AT LEAST TWO LIVES LOST AND DAMAGE TO PROPERTY IS VERY HEAVY.

Denver, May 21.—A telephone message from Cheyenne, Wyo., at 11:30 p. m. said that the Crow river, which runs through Cheyenne, is running bank full as a result of heavy rains. From eight to twelve miles of the main line of the Union Pacific railway and several miles of the roadbed of the Colorado and Southern road have been washed out. Several lives are reported to have been lost among the ranchers living along the Crow.

The river in Cheyenne has spread over the lower sections, flooding the dwellings and business houses. Telegraph wires between Denver and Cheyenne are disabled.

A News special from Cheyenne received by telephone says that six persons are known to have been drowned, namely:

Two Clayton children, Private Hughes of the Thirtieth artillery, and two men, a woman and a child, whose names have not been learned. Besides these many persons are missing. The Union Pacific tracks at Buford, twenty-six miles west of Cheyenne, are washed away in many places.

### FLOODS IN COLORADO.

Many People in Peril at Fort Collins.

Denver, May 21.—A cloudburst at the head of the Cache la Poudre river caused that stream to overflow its banks and meagre reports received here indicate that great damage has been caused by the flood. The rush of the flood caused the dam which holds the water of Livingston lake, sixty-five miles above Fort Collins, to break and this added volume of water swept down the Cache la Poudre, practically wiping out the towns of Livermore and La Porte, respectively fourteen and three miles above Fort Collins. It is reported that one person was drowned at the former place.

At Fort Collins the river, which normally is about the width of the average mountain river, is now over a mile wide, and the Russian settlement consisting of about 600 families, is inundated, several houses being washed away and many persons having narrow escapes. About 300 people in this settlement are in great peril, as their homes are afloat and shouts for help are constantly heard from the darkness.

The towns of Livermore, Belleview, Wellington and a portion of Fort Collins are under from three to four feet of water and in some cases the water reaches to the eaves of the houses. It is definitely known that two lives have been lost, one a man at Laporte, and a Russian child at Fort Collins. Fears are entertained for the safety of Chris Mason, his wife and five children who live in the bottoms a half mile above Fort Collins.

### SEVEN BISHOPS ELECTED.

Methodists Have But One More to Choose.

Los Angeles, Cal., May 21.—When the general Methodist conference adjourned at 6 o'clock Friday evening, seven of the eight bishops to be elected had been chosen and the eleventh ballot taken just before adjournment probably has resulted in the selection of the eighth. The list of bishops thus far chosen follows:

Joseph F. Berry, Chicago; Henry F. Spellmeyer, Newark, N. J.; William F. Macdowell, New York; James W. Bashford, Delaware, O.; William Burt, Rome, Italy; Luther B. Wilson, Baltimore, and Thomas B. Neely, Philadelphia.

William Burt was elected on the fifth ballot taken Thursday night. Dr. Wilson was chosen on the sixth ballot, which was announced before recess Friday.

The seventh and eighth ballots resulted in no election, but in the ninth Dr. Neely was elected by 486 votes out of the 700 cast, 467 being necessary to a choice.

The tenth ballot was taken just before adjournment and resulted in no election. Dr. J. R. Day received the highest number of ballots—311 out of a total of 706 cast, 471 being necessary to a choice. This showed Day a loss of 29 votes, he having polled 350 in the ninth. Election of the eighth bishop is now thought to lie between Dr. Day and Dr. R. J. Cooke of Chattanooga, with the chances favoring the latter.

### SUBJECT OF CHURCH UNION.

To Be Considered by Methodist Protestant Conference.

Washington, May 21.—Church union between the Methodist Protestant, the Congregational and the United Brethren churches is the subject of greatest importance to be considered by the nineteenth quadrennial conference of the Methodist Protestant conference which convened here Friday. Rev. Dr. E. T. Tazewell was chosen president of the conference.

#### Bad Wreck in Colorado.

Pueblo, Colo., May 21.—A special to the Chieftain from Salida, Colo., says that the narrow gauge Denver and Rio Grande southbound passenger train No. 115 was wrecked on Cumbres Hill. Engineer Frank Evanston was killed and forty-one others injured.

#### Will Try Dr. Ames Again.

Minneapolis, May 21.—Dr. Ames will be again tried under the "Beattie Law" indictment, accusing him of accepting a \$20 bribe from a woman of the town, and Judge Elliott will preside at the trial, which is set for June 2.

### TRADE AND INDUSTRY.

Neither Appears to Be on a Satisfactory Basis Yet.

New York, May 21.—Bradstreet's weekly review of trade says weather conditions have been favorable, crop planting and growth have made fair progress and retail trade has been benefited, the improvement extending in some lines to reorders from jobbers. Dry goods and groceries not relatively greater in activity. Rather more orders for fall goods. General industry has remained rather quiet, notably so in cotton, woolen and shoe manufacturing. The iron trade is quieter as a whole with prices easier. An immense area of fall sown wheat has had to be abandoned, but this will probably go into other crops. Prices show a gradual drifting downward from the high levels of early spring. Foreign trade in breadstuffs is at a very low ebb, but exports of high cottons swell trade returns.

At Eastern markets rather more is doing by New York jobbers and an increased disposition to trade in cotton goods is shown. Business is not up to expectations. The most serious labor trouble of the week, and in fact, the most hurtful so far this year, is the strike of lake pilots and sailors. A long continuance of this trouble may have an important effect upon the iron trade. Anthracite coal is in good demand, but bituminous is quiet. The iron market is quiet. Hardware, lumber and manufacturing trades are active. Wheat, including flour, exports for the week ending May 12, are the smallest reported in sixteen years.

### PROBABLY FATALLY INJURED.

Brother of Nebraska's Governor Meets With an Accident.

Omaha, May 21.—A special to the World-Herald says that at Indianola, Ia., Friday, Basil L. Mickey, a brother of Governor Mickey of Nebraska, while riding on horseback, was caught under the chin by an electric wire and so seriously injured that he will die.

#### Secretary Hay at St. Louis.

St. Louis, May 21.—Secretary of State John Hay arrived in St. Louis last night accompanied by a large party of friends. He will represent the federal government at the opening of the world's press parliament and will deliver the address of welcome.

## ONE BISHOP ELECTED

METHODIST GENERAL CONFERENCE SELECTS J. F. BERRY ON THE FIRST BALLOT.

Los Angeles, Cal., May 21.—The Methodist general conference Wednesday voted for eight bishops, but elected only one, J. F. Berry, editor of the Epworth Herald, who received more than two-thirds of the entire vote cast on the first ballot. One other ballot was taken, but the result of this was not made known. One hundred and twenty received votes on the first ballot. Those having more than 200 are as follows: J. F. Berry, 531; Henry Spellmeyer, 479; W. E. Macdowell, 429; J. W. Bashford, 366; Thomas B. Neely, 326; J. R. Day, 279; R. J. Cooke, 263; J. W. E. Bowen, 242. Total vote cast, 741. Necessary to a choice, 487.

It was practically a foregone conclusion that Dr. J. F. Berry would be named as one of the eight bishops to be elected and it was no surprise to the delegates when it was announced that he had been elected by a decisive majority on an ovation when the figures were announced, the entire assembly rising and applauding him as he was escorted to the platform.

As will be seen, Dr. Henry Spellmeyer failed of election by only eight votes and Dr. W. S. McDowell by 58. Dr. Bashford and Dr. Neely were the next nearest in the order named and it is thought that several of these candidates will be named on the next ballot.

The committee on temporal economy has decided to recommend to the general conference that the size of future general conferences be reduced to 550 members instead of 750 members.

### SIX BALLOTS TAKEN.

Illinois Republicans Fail to End Deadlock.

Springfield, Ill., May 21.—The Republican state convention spent another day in fruitless balloting and although the leaders were in conference all day there is not the least indication of a break in the deadlock along the line. Sherman's followers continued to vote with Denen, but the Cook county candidate developed no additional strength.

Governor Yates' followers remained firm and cemented their agreement to stand by the governor to the end at an enthusiastic meeting held at the executive mansion.

At this meeting the governor made a speech at which he intimated he would be willing to have the gubernatorial proposition referred to a primary election to be held the same day throughout the state.

Homer Tice, Sherman's manager, has suggested that a secret ballot be taken and this plan is now under consideration. Six ballots were taken Wednesday and the result on the last one stood: Yates, 482; Lowden, 402½; Denen, 432½; Hamlin, 111; Warner, 38; Sherman, 2; Pierce, 33.

The convention will meet again today, but no nomination is expected, as the delegates have reached the point where their loyalty resembles religious frenzy and the wariness in every camp is "at all pat."

#### Will Fortify Vancouver.

Vancouver, B. C., May 21.—Vancouver harbor is to be fortified upon the recommendation of Lord Dundonald, commanding the Canadian military, who inspected the port a few months ago and was struck with its lack of protection in case of war. The necessary guns have been ordered in England and will be delivered in Vancouver this summer.

## ALL THE STATES AT THE WORLD'S FAIR.

Many Beautiful Pavilions and Pretentious Buildings Show Forth the Enterprise of American Commonwealths.

A beautiful city has grown up among the trees on the World's Fair grounds at St. Louis. It has nothing to do with the immense exhibit palaces, but is a thing apart. The houses in this new city are of various styles of architecture. Some are palatial in size and appearance, while others look merely cozy and inviting. Never before have so many notable and historic buildings been constructed in one group. This new city might be called the City of the States, for the houses included in it are the state buildings at the Fair.

The city is not compact, but somewhat straggling, as befits the picturesque quality of the view. Yet there is nothing suggestive of a Stringtown-on-the-Pike about this city, for the grounds surrounding each of the houses are beautified with gardens typical of the state represented.

All the states are to be represented at the World's Fair. This means a great deal, a shining triumph for the Louisiana Purchase Exposition, and furnishes another illustration of the fact that this Exposition's completeness is the marvel of the age.

Fifty-one states, territories and possessions of the United States have taken the steps necessary to participate in the World's Fair on an important scale. But two states were still outside the fold at the last report, and in each of these was a well defined movement in favor of being represented at the Fair with buildings and exhibits. New Hampshire, the old home state, and Delaware are the states referred to. In New Hampshire a fund for participation is being raised privately by patriotic citizens, so that in the event of legislative inaction this commonwealth may be represented.

The states and territories are expending over \$7,000,000 in their efforts to show off to best advantage at the Exposition. This is a million and a third more than was expended at the Chicago exposition by the states. In addition to this, large cities in many states will have municipal exhibits, the funds for which are not included in these figures. The municipal exhibit idea is entirely novel. From a number of the states there will be prominent county exhibits provided by special appropriation of county funds.

This City of the States presents a picture of surpassing beauty. Nature has done much to aid in the creation of the picture. Never before has any exposition been able to grant such advantageous sites for state buildings. The buildings are situated on a plateau about seventy-five feet higher than the level ground to the north upon which stand the main exhibit palaces. There are hills and ravines here and there, enabling the landscapers to lay out a most delightful pattern of roads and terraces and lawns.

The smallest of the state buildings is that of Arizona, which stands near the southeastern entrance to the grounds. One of the largest is that of Missouri, from the dome of which it is said that perhaps the very finest view of the Exposition may be enjoyed. This building is a palace in the Italian renaissance architecture, built at a cost of \$105,000. Near by is the reproduction of the Cabildo at New Orleans, in which the Louisiana Purchase transfer ceremonies took place—Louisiana's state building. Ohio has a clubhouse of highly ornate design, in the architecture of the French renaissance. Illinois is prominent with a most pretentious structure, with wide verandas and a commanding cupola.

A description of each of the state buildings, with any detail, would more than fill a newspaper page. It is only possible here to hint at some of the interesting structures. California, for instance, has reproduced in exact size the famous old La Rabida Mission. Connecticut presents a replica of the Sigourney residence at Hartford, home of the poetess Lydia Huntley Sigourney in her time. This building is said to be the finest specimen of purely colonial architecture now standing. The New Kentucky Home, from the Blue Grass State, is a handsome clubhouse that would make some of the mansions along Fifth avenue, New York city, look insignificant. Beauvoir, the quaint old house which Jefferson Davis owned and occupied for many years, is reproduced by Mississippi. Its wide verandas or galleries give it a most inviting appearance. Washington's headquarters at Morris-town, N. J., are reproduced by New Jersey. Virginia contributes Monticello, the home of Thomas Jefferson.

The state of Washington contributes a structure of unique design. It is called the Wigwam, five stories high, built of wood from Washington forests. The building is octagonal, with gigantic diagonal timbers rising from the ground and meeting in an apex ninety feet in the air, above which is a splendid view of the Exposition may be had. An elevator will carry visitors to the observatory.

New York, Pennsylvania, Ohio, Arkansas, Colorado, West Virginia, Indiana, Wisconsin, Texas and many other states are represented by buildings which cannot fail to arouse admiration. The Texas building is in the shape of a five pointed star, an appropriate idea for the big Lone Star State. Iowa has a magnificent mansion, with classic porticoes and a central tower containing an observatory chamber. Kansas, Indian Territory and Oklahoma each uphold the growing reputation of the southwest for enterprise and fertility of resources.

He Has Cured Thousands Given up to die.

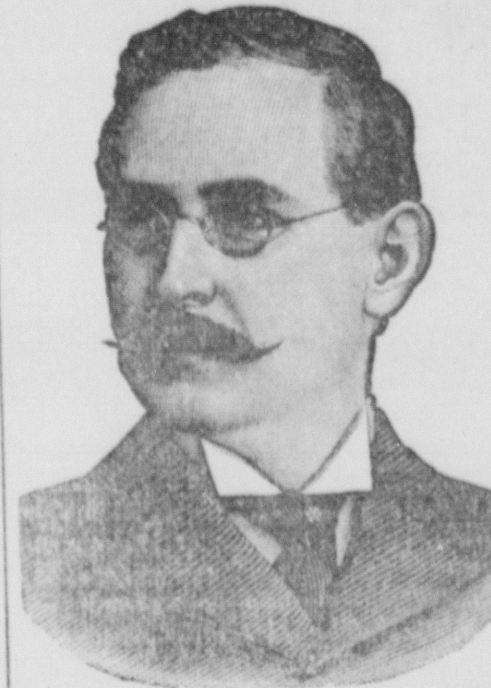

# DR. REA

Next regular professional visit to Brainerd, at

## The National Hotel

Wednesday, May, 25.

returns every month. Consult him while the opportunity is at hand.

DR. REA has no superior in diagnosing and treating diseases and deformities. He will give \$50 for any case that he cannot tell the disease and where located in five minutes.

All curable medical and surgical diseases, acute and chronic catarrh, and special diseases of the Eyes, Ear, Nose and Throat, Lung Disease, Early Consumption, Bronchitis, Bronchial Catarrh, Constitutional Catarrh, Dyspepsia, Sick Headache, Stomach and Bowel Troubles, Rheumatism, Neuritis, Sciatica, Bright's Disease, Diabetes, Kidney, Liver, Bladder, Prostatic and Female diseases, Dizziness, Nervousness, Indigestion, Obesity, Interrupted Nutrition, Slow Growth in children and all wasting disease in adults. Many cases of Deafness, Ringing in the Ears, Loss of Eyesight, Cataract, Cross Eyes, etc., that have been improperly treated or neglected, can be easily restored. Deformities, Club Feet, Curvature of the Spine, Disease of the Brain, Paralysis, Epilepsy, Heart Disease, Dropsy, Swelling of the Limbs, Stricture, Open Sores, Pain in the bones, Granular Enlargements and all long standing diseases properly treated. Young, middle-aged and old, single or married men and all who suffer from lost manhood, nervous debility, spermatorrhea, seminal losses, sexual decay, falling memory, weak eyes, stunted development, lack of energy, impoverished blood, pimples, impediments to marriage, also blood and skin diseases, Syphilis, Eruptions, Hair Falling, Bone Pains, Swellings, Sore Throat, Ulcers, effects of Mercury, Kidney and Bladder troubles, Weak back, burning Urine, passing Urine too often, Gonorrhea, Gleet, Stricture, receive searching treatment, prompt relief and cure for life.

Cancers, Tumors, Goiter, Fistula, Piles,

Varicose and enlarged glands with the subcutaneous injection method, absolutely without pain and without the loss of a drop of blood is, one of his own discoveries, and is the most really scientific and certainly sure cure of the nineteenth century. No incurable cases taken. Consultation to those interested, \$1.00.

DR. REA & CO., Minneapolis, Minn. Louisville, Ky.

### TELEGRAPHIC BRIEVITIES.

Fire Friday destroyed Hasal's shingle mills at Nanaimo, B. C. Loss, \$110,000.

The Jury in the Ames bribery case at Minneapolis had not returned a verdict up to an early hour Saturday morning.

Fire at Batson, Tex., Friday destroyed 18 dry docks, 5 drilling rigs and 5 tanks containing about 15,000 gallons of oil.

Sixteen colleges have already entered men in the athletic meet that is to take place in Chicago, June 4, under the auspices of the "Big Nine" colleges of the West.

#### Heavy Loss by Fire.

Chico, Cal., May 20.—The yards and greater part of the plant of the Sierra Lumber company were burned Thursday. Loss, \$250,000.

Dry goods and groceries not relatively greater in activity. Rather more orders for fall goods. General industry has remained rather quiet, notably so in cotton, woolen and shoe manufacturing. The iron trade is quieter as a whole with prices easier. An immense area of fall sown wheat has had to be abandoned, but this will probably go into other crops. Prices show a gradual drifting downward from the high levels of early spring. Foreign trade in breadstuffs is at a very low ebb, but exports of high cottons swell trade returns.

At Eastern markets rather more is doing by New York jobbers and an increased disposition to trade in cotton goods is shown. Business is not up to expectations. The most serious labor trouble of the week, and in fact, the most hurtful so far this year, is the strike of lake pilots and sailors. A long continuance of this trouble may have an important effect upon the iron trade. Anthracite coal is in good demand, but bituminous is quiet. The iron market is quiet. Hardware, lumber and manufacturing trades are active. Wheat, including flour, exports for the week ending May 12, are the smallest reported in sixteen years.

**PROBABLY FATALLY INJURED.**

**Brother of Nebraska's Governor Meets With an Accident.**

Omaha, May 21.—A special to the World-Herald says that at Indianola, Ia., Friday, Basil L. Mickey, a brother of Governor Mickey of Nebraska, while riding on horseback, was caught under the chin by an electric wire and so seriously injured that he will die.

**Secretary Hay at St. Louis.**

St. Louis, May 21.—Secretary of State John Hay arrived in St. Louis last night accompanied by a large party of friends. He will represent the federal government at the opening of the world's press parliament and will deliver the address of welcome.

## ONE BISHOP ELECTED

**METHODIST GENERAL CONFERENCE SELECTS J. F. BERRY ON THE FIRST BALLOT.**

Los Angeles, Cal., May 21.—The Methodist general conference Wednesday voted for eight bishops, but elected only one, J. F. Berry, editor of the Epworth Herald, who received more than two-thirds of the entire vote cast on the first ballot. One other ballot was taken, but the result of this was not made known. One hundred and twenty received votes on the first ballot. Those having more than 200 are as follows: J. F. Berry, 531; Henry Spellmeyer, 479; W. F. McDowell, 429; J. W. Bashford, 366; Thomas B. Neely, 326; J. R. Day, 270; R. J. Cooke, 263; J. W. E. Bowen, 242. Total vote cast, 741. Necessary to a choice, 487.

It was practically a foregone conclusion that Dr. J. F. Berry would be named as one of the eight bishops to be elected and it was no surprise to the delegates when it was announced that he had been elected by a decisive majority on the first ballot. Dr. Berry received an ovation when the figures were announced, the entire assembly rising and applauding him as he was escorted to a seat among the bishops on the platform.

As will be seen, Dr. Henry Spellmeyer failed of election by only eight votes and Dr. W. S. McDowell by 58. Dr. Bashford and Dr. Neely were the next nearest in the order named and it is thought that several of these candidates will be named on the next ballot.

The committee on temporal economy has decided to recommend to the general conference that the size of future general conferences be reduced to 550 members instead of 750 members.

**SIX BALLOTS TAKEN.**

**Illinois Republicans Fail to End Deadlock.**

Springfield, Ill., May 21.—The Republican state convention spent another day in fruitless balloting and although the leaders were in conference all day there is not the least indication of a break in the deadlock along the line. Sherman's followers continued to vote with Deneen, but the Cook county candidate developed no additional strength.

Governor Yates' followers remained firm and cemented their agreement to stand by the governor to the end at an enthusiastic meeting held at the executive mansion.

At this meeting the governor made a speech at which he intimated he would be willing to have the gubernatorial proposition referred to a primary election to be held the same day throughout the state.

Horner Tice, Sherman's manager, has suggested that a secret ballot be taken and this plan is now under consideration.

Six ballots were taken Wednesday and the result on the last one stood: Yates, 482; Lowden, 402½; Deneen, 422½; Hamlin, 111; Warner, 38; Sherman, 2; Pierce, 33.

The convention will meet again today, but no nomination is expected, as the delegates have reached the point where their loyalty resembles religious frenzy and the warcry in every camp is "steel pat."

**Will Fortify Vancouver.**

Vancouver, B. C., May 21.—Vancouver harbor is to be fortified upon the recommendation of Lord Dunsand, commanding the Canadian military, who inspected the port a few months ago and was struck with its lack of protection in case of war. The necessary guns have been ordered in England and will be delivered in Vancouver this summer.

## ALL THE STATES AT THE WORLD'S FAIR.

**Many Beautiful Pavilions and Pretentious Buildings Show Forth the Enterprise of American Commonwealths.**

A beautiful city has grown up among the trees on the World's Fair grounds at St. Louis. It has nothing to do with the immense exhibit palaces, but is a thing apart. The houses in this new city are of various styles of architecture. Some are palatial in size and appearance, while others look merely cozy and inviting. Never before have so many notable and historic buildings been constructed in one group. This new city might be called the City of the States, for the houses included in it are the state buildings at the Fair.

The city is not compact, but somewhat straggling, as befits the picturesque quality of the view. Yet there is nothing suggestive of a Stringtown-on-the-Pike about this city, for the grounds surrounding each of the houses are beautified with gardens typical of the state represented.

All the states are to be represented at the World's Fair. This means a great deal, a shining triumph for the Louisiana Purchase Exposition, and furnishes another illustration of the fact that this Exposition's completeness is the marvel of the age.

Fifty-one states, territories and possessions of the United States have taken the steps necessary to participate in the World's Fair on an important scale. But two states were still outside the fold at the last report, and in each of these was a well defined movement in favor of being represented at the Fair with buildings and exhibits. New Hampshire, the old home state, and Delaware are the states referred to. In New Hampshire a fund for participation is being raised privately by patriotic citizens, so that in the event of legislative inaction this commonwealth may be represented.

The states and territories are expending over \$7,000,000 in their efforts to show off to best advantage at the Exposition. This is a million and a third more than was expended at the Chicago exposition by the states. In addition to this, large cities in many states will have municipal exhibits, the funds for which are not included in these figures. The municipal exhibit idea is entirely novel. From a number of the states there will be prominent county exhibits provided by special appropriation of county funds.

This City of the States presents a picture of surpassing beauty. Nature has done much to aid in the creation of the picture. Never before has any exposition been able to grant such advantageous sites for state buildings. The buildings are situated on a plateau about seventy-five feet higher than the level ground to the north upon which stand the main exhibit palaces. There are hills and ravines here and there, enabling the landscapers to lay out a most delightful pattern of roads and terraces and lawns.

The smallest of the state buildings is that of Arizona, which stands near the southeastern entrance to the grounds. One of the largest is that of Missouri, from the dome of which it is said that perhaps the very finest view of the Exposition may be enjoyed. This building is a palace in the Italian renaissance architecture, built at a cost of \$105,000. Near by is the reproduction of the Cabildo at New Orleans, in which the Louisiana Purchase transfer ceremonies took place—Louisiana's state building. Ohio has a clubhouse of highly ornate design, in the architecture of the French renaissance. Illinois is prominent with a most pretentious structure, with wide verandas and a commanding cupola.

A description of each of the state buildings, with any detail, would more than fill a newspaper page. It is only possible here to hint at some of the interesting structures. California, for instance, has reproduced in exact size the famous old La Rabida Mission. Connecticut presents a replica of the Sigourney residence at Hartford, home of the poetess Lydia Huntley Sigourney in her time. This building is said to be the finest specimen of purely colonial architecture now standing.

The New Kentucky Home, from the Blue Grass State, is a handsome clubhouse that would make some of the mansions along Fifth avenue, New York city, look insignificant. Beauvoir, the quaint old house which Jefferson Davis owned and occupied for many years, is reproduced by Mississippi. Its wide verandas or galleries give it a most inviting appearance. Washington's headquarters at Morristown, N. J., are reproduced by New Jersey. Virginia contributes Monticello, the home of Thomas Jefferson.

The state of Washington contributes a structure of unique design. It is called the Wigwam, five stories high, built of wood from Washington forests. The building is octagonal, with gigantic diagonal timbers rising from the ground and meeting in an apex ninety feet in the air, above which is built an observatory, from which a splendid view of the Exposition may be had. An elevator will carry visitors to the observatory.

New York, Pennsylvania, Ohio, Arkansas, Colorado, West Virginia, Indiana, Wisconsin, Texas and many other states are represented by buildings which cannot fail to arouse admiration. The Texas building is in the shape of a five pointed star, an appropriate idea for the big Lone Star State. Iowa has a magnificent mansion, with classic porticoes and a central tower containing an observatory chamber. Kansas, Indian Territory and Oklahoma each uphold the growing reputation of the southwest for enterprise and fertility of resources.

**He Has Cured Thousands Given up to die.**

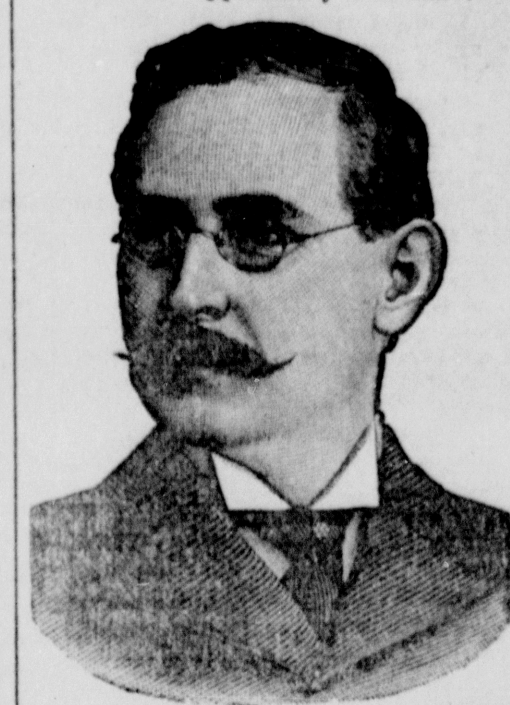

# DR. REA

Next regular professional visit to Brainerd, at

## The National Hotel

Wednesday, May, 25,

returns every month. Consult him while the opportunity is at hand.

DR. REA has no superior in diagnosing and treating diseases and deformities. He will give \$50 for any case that he cannot tell the disease and where located in five minutes.

All curable medical and surgical diseases, acute and chronic catarrh, and special diseases of the Eyes, Ear, Nose and Throat, Lung disease, Early Consumption, Bronchitis, Bronchial Catarrh, Constitutional Catarrh, Dyspepsia, Sick Headache, Stomach and Bowel Troubles, Rheumatism, Neuritis, Sciatica, Bright's Disease, Diabetes, Kidney, Liver, Bladder, Prostatic and Female diseases, Dizziness, Nervousness, Indigestion, Obesity, Interrupted Nutrition, Slow Growth in children and all wasting disease in adults. Many cases of Deafness, Ringing in the Ears, Loss of Eyesight, Cataract, Cross Eyes, etc., that have been improperly treated or neglected, can be easily restored. Deformities, Club Feet, Curvature of the Spine, Disease of the Brain, Paralysis, Epilepsy, Heart Disease, Dropsy, Swelling of the Limbs, Stricture, Open Sores, Pain in the bones, Granular Enlargements and all long standing diseases properly treated. Young, middle-aged and old, single or married men and all who suffer from lost manhood, nervous debility, spermatorrhea, seminal losses, sexual decay, falling memory, weak eyes, stunted development, lack of energy, impoverished blood, pimples, impediments to marriage; also blood and skin diseases, Syphilis, Eruptions, Hair Falling, Bone Pains, Swellings, Sore Throat, Ulcers, effects of Mercury, Kidney and Bladder troubles, Weak back, burning Urine, passing Urine too often, Gonorrhea, Gleet, Stricture, receive searching treatment, prompt relief and cure for life.

**Cancers, Tumors, Gout, Fistula, Piles,**

Varicose and enlarged glands with the subcutaneous injection method, absolutely without pain and without the loss of a drop of blood is, one of his own discoveries, and is the most really scientific and certainly sure cure of the nineteenth century. No incurable cases taken. Consultation to those interested, free.

DR. REA & CO.,  
Minneapolis, Minn. Louisville, Ky.

## TELEGRAPHIC BREVITIES.

Fire Friday destroyed Hasal's shingle mills at Nannaimo, B. C. Loss, \$110,000.

The Jury in the Ames bribery case at Minneapolis had not returned a verdict up to an early hour Saturday morning.

Fire at Batson, Tex., Friday destroyed 18 dry docks, 5 drilling rigs and 5 tanks containing about 15,000 gallons of oil.

Sixteen colleges have already entered men in the athletic meet that is to take place in Chicago, June 4, under the auspices of the "Big Nine" colleges of the West.

**Heavy Loss by Fire.**

Chico, Cal., May 20.—The yards and greater part of the plant of the Sierra Lumber company were burned Thursday. Loss, \$250,000.

# FREE!

## Fountain Pen

### 14-Kt. Solid Gold

**TO NEW PIONEER PRESS SUBSCRIBERS.**

Jewelers Sell it for \$1.50.

This is a rich quality hard rubber, highly polished Fountain Pen; screw section, and fitted with an improved Feeding Device, allowing the ink to flow easily without blotting. The gold nibbed pen is 14-Kt. fine, iridium pointed. The complete Fountain Pen is Fully Guaranteed by the manufacturer and will be exchanged by them if not entirely satisfactory. Each box contains a single pen and a guarantee. If the pen is not absolutely perfect, send it back to the factory and get one that is. It will not cost you a cent.

The Pioneer Press—  
St. Paul, Minn.—  
Gentlemen: Send me, absolutely free and postpaid, a guaranteed solid gold-rubbed Fountain Pen. Enclosed herewith find \$1.50 in advance for subscription to the Daily and Sunday or Weekly Pioneer Press.

## CZAR REVIEWS HIS TROOPS.

Says He Is Sure They Will Maintain Ancient Military Renown.

Poltava, May 14.—Emperor Nicholas arrived here at 2 o'clock p. m. and was welcomed by an immense crowd. After a visit to the cathedral he drove through the streets, which were decorated with flags, to the parade grounds, where he reviewed the troops. In a brief address to the soldiers he said he was sure they would maintain their ancient military renown and concluded by blessing the regiment and presenting them with ikons.

His majesty left Poltava at 5 o'clock amid scenes of great enthusiasm.

## TELEGRAPHIC BREVITIES.

Lord Curzon of Kedleston, viceroy and governor general of India, has arrived in England.

George Augustus Hamilton Chichester, fifth Marquis of Donegal, is dead at London. He was born June 27, 1822.

Miss Clara Barton has resigned the presidency of the American Red Cross society and has been succeeded by Mrs. General John A. Logan.

The enormous budget demands for the Austrian army and navy, carrying a total of \$51,791,290, have caused the utmost bewilderment among all parties.

At Paris Santos Dumont Sunday made a successful half hour's trial with his dirigible balloon No. 7, which he will take to the St. Louis exposition.

Dr. Grant Showerman, assistant professor of Latin in the University of Wisconsin, has been appointed to fill the chair of Latin at Princeton university during the college year of 1904 and 1905.

## A Dance Cure.

Dr. Bishop of Valdivia, Chile, describes the hard work of the mining peons, who carry 150 pounds of ore in bags strapped to their shoulders while they climb up hundreds of feet on ladders, often consisting only of notched trees. They toil without a recess from 9 a. m. to 4 p. m. and might seem to be in need of all the rest they can get, but before supper prefer to take the strain out of their muscles after a fashion of their own—viz, dancing vehemently to the sound of a fiddle for an hour or two or even longer if their lady friends happen to muster in force.—Health Culture.

## National Manners.

It is curious to watch on board a steamer how the men of different nationalities behave to a lady no longer young who is traveling alone. The Frenchman is absolutely rude if he gets the chance; the German simply takes no notice; the Austrian is frigidly polite; the Englishman takes trouble to be kind if his aid is solicited; the American is kind from habit and without effort.—London Standard.

## Fathers and Sons.

Descending on the changes in life and work brought about by time, a farmer said: "When I was young I used to think my father had no nuckle sense, but my sons look on myself as a born idiot!"—"Reminiscences," by Sir Archibald Geikie.

## EDITORS IN SESSION.

National Association Meets in World's Fair Grounds.

St. Louis, May 17.—The nineteenth annual convention of the National Editorial association, comprising 500 delegates representing the state press organizations of the United States, convened during the day in the Hall of Congresses and will be in session four days. Captain Henry King, editor-in-chief of the St. Louis Globe-Democrat, chairman of the committee of welcome, presided. When Chairman King rapped for order the audience arose and sang "America," after which Rev. C. H. Patton, pastor of the First Congregational church of St. Louis, offered the invocation. The convention was then formally welcomed by President D. R. Francis of the exposition.

P. V. Collins of Minneapolis, president of the association, then delivered his annual address. He referred to the press as the potential power in the preservation of good government and said that upon the American press today devolves the infinite responsibility of directing the destiny of the American people. He said that "yellow journalism" is largely responsible for the increase in crime.

## Made Young Again.

"One of Dr. King's New Life Pills each night for two weeks has put me in my 'teens' again," writes D. H. Turner of Dempseytown, Pa. They're the best in the world for liver, stomach and bowels. Purely vegetable. Never gripe. Only 25c at H. P. Dunn & Co's. drug store.

## REPORTED BY KUROPATKIN.

Jose Land at Huangtsiatung and Start for Kaiping.

St. Petersburg, May 17.—The following telegram from General Kuropatkin to the emperor, under date of May 16, has been given out here:

"Toward noon seventeen steamers approached Slingyuecheung and opened fire upon the town, while five vessels approached the shore."

"At 1:20 p. m. three large steamers appeared off the cape and at 3:20 p. m. the enemy landed at Huangtsiatung and commenced a march in the direction of Kaiping."

Scratch, scratch, scratch; unable to attend business during the day or sleep during the night. Itching piles, horrible plague. Doan's Ointment cures. Never fails. At any drug store, 50 cents.

## M'DONALD ON TRIAL.

Accused of the Murder of Miss Sarah Schafer at Bedford, Ind.

Bedford, Ind., May 17.—After a restless night spent in his cell in the Lawrence county jail, James McDonald, charged with the murder of Sarah Catherine Schafer at Bedford on the night of Jan. 21, was placed on trial Monday. McDonald entered the crowded court room with a confident air.

The work of selecting a jury is going to be of a more difficult nature than anticipated, the special venire of 100 names being exhausted without securing a jury.

## A Good Thing to Know.

That the cement used in your sidewalk is Atlas, regardless of who lays the walk. Insist on Atlas.

## COWS TRAINED FOR THE TEST

Jerseys at the World's Fair Are Expected to Show That They Are Superior to All Other Breeds.

The herd of Jersey cows assembled at the World's Fair at St. Louis to represent the Jersey breed in the universal dairy test has been inspected and has been pronounced in perfect condition and ready to start upon their six months' grind on a day's notice.

W. R. Spann of the Burr Oak Jersey farm, Dallas, Tex., was the inspector, and he was thorough in his work. He passed a week on the Exposition grounds, and much of the time was spent in and around the Jersey cattle barn, and the condition of each individual of the herd of forty cows was definitely ascertained.

Never was more intelligent and careful treatment lavished on animals. No athlete was ever better trained for a contest requiring the development of speed, skill and endurance than has been this herd of Jerseys. When it is known that this herd is to compete with selected herds of Holsteins, Short-horns, Brown Swiss and Devons, and the herd making the best score for the production of butter, milk and cheese is to establish the standing of the various breeds, the importance of the cows being in perfect condition may be understood.

For a solid year the Jerseys have been in constant training. Twenty-five cows will participate in the contest. Cows were selected from the best herds in the United States.

Dr. J. J. Richardson, president of the American Jersey Cattle Club, under whose auspices this entry is made, toured Europe and visited the famed Isle of Jersey, where the breed originated. He was seeking the best cows, but returned satisfied that Europe could show no cows that were better than those bred in America.

Though only twenty-five cows will participate in the test, forty cows were selected. They were assembled at Jerseyville, Ill., a year ago. This is near St. Louis, and the cattle have become acclimated. Last December they were removed to St. Louis. The cows are the property of individual members of the club and are loaned for the term of the test. C. T. Graves, a breeder at Maitland, Mo., was selected as the superintendent to have charge of the cattle, and he has been highly complimented by Dr. Richardson and Inspector Spann for the wonderfully fine condition in which he has placed the herd.

A series of model dairy barns have been built for the breeds competing in the test. The barns are octagonal in form, and are so arranged that the cows are in the center and a wide promenade permits visitors to pass around and view the cows as they stand in their stalls.

The milking and feeding are to be done in plain view of the public, and representatives of the various herds will at all times have access to all the barns to see that no sharp practices are indulged in.

The test not only consists in showing the amount of butter, milk and cheese produced, but the cost of production is taken into consideration. Every ounce of food given each cow is weighed and carefully recorded. When the cows are milked, the milk is conveyed to a model creamery in the Agricultural building, where it is tested and made into butter and cheese and where all records are carefully kept.

The Jersey cattle participated in a similar test at Chicago during the Columbian Exposition and carried off first honors.

Superintendent Graves is sanguine over the result of the present test. He says that the Jerseys have always demonstrated their superiority over all other breeds when placed in competition, and this time they will show to better advantage than ever. Not only is the Jersey milk richer in butter fat than the milk of any other breed, says Mr. Graves, but it can be produced at a less cost. The Jersey cows are the smallest of the standard breeds, and he asserts that they consume less feed. They assimilate their food, and it is converted into milk and butter and is not used in building up and sustaining a large carcass.

"We are going to make all other breeds take to the woods after this test," said Mr. Graves. "A few days ago I was testing some of our Jersey milk, and my hands were all sticky and greasy from the enormous amount of butter fat the milk contained. Mr. Von Heyne, who is in charge of the Holsteins, sent over a quantity of his milk for me to test. Of course, from a commercial standpoint, there was no comparison between the milk, but it was a pleasure to test his milk, for when I got through there was no grease on my hands. After this I will have a bucket of Holstein milk around handy to wash my hands in after testing our own rich Jersey milk."

The test begins May 16 and continues 120 days.

## Unique California Map.

A unique exhibit at the World's Fair was prepared by the agricultural department of the University of California. It is a large map, so colored as to show the character of the various soils of the state. It gives a clear idea of the situation and the extent of the arable and unutilized sections. In the localities that cannot be cultivated are shown the Sierras, the lava beds and the desert. The map indicates the location of the cultivable portions of the mountains and Mohave plateau and shows the nature of the foothills and valleys of that wonderful state.

## GENERAL PEARSON ARRESTED.

Webster Davis Files Complaint Against Boer Officer.

New York, May 14.—General Samuel Pearson of Scranton, Pa., who served under General Louis Botha in the Boer war, and Cornelius W. Vandershooft, a foreign correspondent, were arrested in this city Tuesday on the complaint of Webster Davis, who was assistant secretary of state under President McKinley, and were held in \$1,500 bail each by Magistrate Cornell, charged with "suspicion of blackmail."

Mr. Davis claimed to have received letters from General Pearson and also a letter, unsigned, threatening his life unless \$30,000 were forthcoming. The two letters written by General Pearson were simply requests for an audience.

General Pearson, who says he has a war claim against the Boer government for \$55,000, says he wanted an accounting from Mr. Davis of £40,000 in gold entrusted to him by the Boers.

## ROSEBUD INDIAN LANDS.

Four Hundred Thousand Acres to Be Opened for Settlement.

Sioux Falls, S. D., May 17.—The Rosebud Indian reservation in the southeastern part of South Dakota, in the great corn belt of the Missouri valley, has been turned over by the Indians to the government for public allotment under the United States homestead laws. The reservation is easily reached from Chicago, Omaha, St. Paul, Minneapolis and other Western centers. About 400,000 acres are in the reservation and the only requirement for entering is citizenship, not less than twenty-one years of age, and the payment of \$1.00 per acre at the time of entry, with deferred payments of 75 cents each at the end of two, three, four and five years. The applicant must be present in person at the registry land office at Bonesteel, Fairfax or Yankton, S. D., for registration. The books will be open July 5, and the drawings begin July 25, final entry to be made Aug. 6.

## TWENTY-TWO DISCHARGED.

Wholesale Dismissal of Great Northern Conductors.

St. Paul, May 15.—The Great Northern's discharge of twenty-two conductors, which has already been the subject of one conference of the general grievance committee in this city, may be followed by troubles involving the conductors of the system.

General Superintendent Slade charges that the discharged men were collecting fares for which they made no returns to the company.

## Explorer Stanley Buried.

London, May 17.—The funeral of the late Henry M. Stanley, the African explorer, was held at Westminster abbey during the day in the presence of a large crowd of notables.

## TELEGRAPHIC BREVITIES.

Grand Duchess Pauline of Saxe Weimar died Tuesday at Rome.

A count of two-thirds of the city indicates that Robert M. Speer (Dem.) is elected Mayor of Denver by 6,000.

Various temperance organizations have begun a campaign to make the Panama canal zone prohibition territory.

The sealing steamer Aurora, bringing Messrs. Wallace and Elson, with Leonidas Hubbard's body, arrived at St. Johns, N. F., Tuesday.

## WILL BE HELD FOR RANSOM.

American and British Citizens Carried Off by Bandits.

Tangier, Morocco, May 2.—An American citizen named Perdicaris and his stepson, a British subject, were carried off by the well known bandit, Raisuli, and his followers and will doubtless be held for a heavy ransom. The captives were staying at Perdicaris' summer residence, only three miles from Tangier, when the bandit attacked and captured them.

Washington, May 26.—Orders have been sent to Rear Admiral Chadwick to be delivered at Tenerife, Canary Islands, directing him as soon as he arrives there to coal one of his ships and send it to Tangier.

## Will Meet at Buffalo.

Indianapolis, May 2.—The railway master boilermakers selected Buffalo for the next convention and elected W. H. Laughridge of Columbia, O., president and J. T. Johnson of St. Paul third vice president.

## STIMULATES ENTHUSIASM.

Journey of the Czar to Bid Farewell to His Troops.

Kharkoff, May 17.—Emperor Nicholas' long journey, the purpose of which is to say farewell to the Tenth and Seventeenth army corps, which belong to the famous black soil region south of the headwaters of the Volga between the Dnieper and Don, is serving the double purpose of stimulating the officers and men on the eve of their departure for the front and of stirring the patriotism of the people to a high pitch of enthusiasm.

If any lingering doubts remained as to the popularity of the war they have been dispelled by the personal presence of the sovereign.

The emperor, accompanied only by his military suite, is traveling in a special train.—Crowds throng every station and cheer the emperor. Guards are stationed all along the railroad and the czar literally passed between a double hedge row of soldiers for 1,000 miles.

At Belgorod the emperor said farewell to two regiments and then came here to review an entire division. After the review, which was a grandly martial affair, the emperor was almost overwhelmed by the enthusiastic crowds to which he spoke in hopeful tenor.

Repeatedly since his departure from St. Petersburg the emperor has talked of his great desire to go to the front and he said he would assuredly go if the succession to the throne were assured.

## Results That Tell.

DOINGS OF A GREAT SPECIALIST

Facts to Which His Patients Testify.

Not in the history of specialism have such remarkable cures been made as are now being made by Dr. Rea. People from all over the northwestern country, far and near, continue to flock to his offices for his form of special treatment, all to find always the same quick relief. Dr. Rea's visits throughout the Northwest have proven to be of great good and certainty he is deserving of the full amount of patronage that he is receiving. After having practiced his specialty for the last fifteen years, traveling all over the United States and coming in contact with the worst forms of all chronic diseases, it is naturally to be expected that he would know more of one's condition and more liable to diagnose properly those forms of the many peculiar diseases to which the suffering of the community are especially liable.

A case particularly interesting which comes to our notice, is that of Martin Johnson, of Havana, N. Dak. Mr. Johnson was suffering from an affliction which puzzled the principal physicians throughout the Northwest and having tried most of them without any relief, was persuaded to go to Chicago, where he could have the advantage of the best specialists and have every opportunity to get well. Acting on their advice, he was taken to one of the principal hospitals in that city, where he remained for six weeks, having the best of hospital treatment but continued to get worse all the time. Failing in this and as a last resort he was advised to go to Hot Springs, Ark., and there take the baths which would be of benefit to him. Arriving there more dead than alive, he stayed there for some time trying the principal doctors, taking the baths regularly and the out-door exercises which were particularly advantageous in the climatic conditions of that country, all to be of no relief to him and after an expense of \$8000.00 decided to return home, expecting soon to die as he had gradually grown worse until he was then considered beyond all hope of relief. Mr. Johnson, seeing in some of the principal papers of some of the remarkable cures made by Dr. Rea, some of them whom he had known to have been sick for years, now decided after eight months of constant suffering, to try the treatment of this remarkable man. Seeing that he was to visit Moorhead, Minn., in a few weeks, went there to meet him for consultation and examination and to place himself under his care. Calling at his office he found many others also waiting to consult the doctor for their ailments. After waiting for some time, he was shown into his office, there Dr. Rea took him by the hand and looking him squarely in the face said, "Your trouble is confined to your liver, stomach and bowels. You have been improperly treated, in fact drugged almost to death, but with proper treatment properly administered and with the right care, you can yet be made a well man." Imagine the joy that must have entered that man's heart from those few words, "You can be made a well man."

It brought joy to his heart that can come only to a person who has been standing on the brink of the grave and snatched back again. Dr. Rea wrote out a prescription, handed it to him and said, "Give this to my druggist across the hall. He will supply you with the medicines that I want you take for the coming month."

Two weeks from that day he was working on his farm feeling most as well as he ever did in his life. He is indebted to Dr. Rea for his life and says he shall never cease to praise him. We have seen hundreds of others since, who have doctored with him and all have found the same quick relief. We have met many of his patients. Some of them come as far as 300 miles to see him. Dr. Rea has his enemies as well as his friends, but we want to say that his enemies comprise only a few and they are the skeptics who would not have faith in any one or have been badly treated by others and know nothing at all of Dr. Rea, in fact they never saw him or anyone whom he treated. Some very remarkable cures that he has made throughout the Northwest have come to our notice and we consider Dr. Rea the greatest of modern specialists. In the interest of the readers of this paper, we herewith publish, with permission of Dr. Rea, the names of some of the most prominent cures that he has made.

Mrs. Lewis Beckel, London, Minn., cured of a bad cancer on the face. Cured in two treatments. She had a number of other doctors.

Eddie Nootleman, Winona, Minn., cured of chronic catarrh and bad blood.

John Ronning, Garfield, Minn., cured of deep abscess in the back and spinal disease.

Clara Peterson, Warren, Minn., cured of anemia, stomach and liver trouble.

Mrs. Julius Winkler, Brainerd, Minn., was bedfast with rheumatism, stomach and liver trouble, and unable to turn herself in bed. After being treated three months by Dr. Rea she is now able to be up and around the house, is

free from pain and feeling better she has for years.

Mrs. Phebe Colburn, Brainerd, Minn., says after taking Dr. Rea's treatment that she feels better now than she has for the last fifteen years. She treated by many other doctors throughout the country without any relief.

Mrs. A. J. Schendel, Brainerd, Minn., had suffered for years with gastric ulcer of the stomach and a nervous condition. Permanently cured by Dr. Rea three months.

Mrs. O. C. Olson, Brainerd, Minn., cured of throat and stomach trouble suffering for many years. Had many other physicians without any relief.

Mrs. Nellie Carlson, Aitkin, Minn., had suffered from gastric catarrh of stomach for years and heart trouble. Says she never found any doctor could get at her case like Dr. Rea done.

Mrs. Robert Curran, Emerson, Minn., had nervous prostration for years, dyspepsia, liver and kidney trouble. Permanently cured by Dr. Rea.

Joseph Swartz, Brainerd, Minn., suffered from rheumatism for years had been pronounced incurable by other doctors. Dr. Rea cured him permanently and he is now doing his usual work in the N. P. shops.

Jacob Kemmerle, Cavalier, N. Dak., cured of liver, bladder and kidney trouble.

R. Augustine, formerly Brainerd, Minn., now St. Paul, has been given to die. Doctors told him he had cancer of the stomach. Dr. Rea cured him five months. He is working in a market in St. Paul.

J. W. Tibbitts, Aitkin, Minn., cured of cancer of the lip in three treatments by Dr. Rea's hypodermic injection treatment.

Mrs. N. J. Clarkin, Los Angeles, Cal., formerly Brainerd, Minn., cured of long standing bronchial lung trouble.

This is some of the work of this wonderful man, and may he be successful the future as he has been in the past.

SPECIAL TO THE DISPATCH:

Dr. Rea the noted specialist has arranged to make his next professional visits to the following towns:

Duluth, Minn., at the Spalding Hotel, Saturday, May 21st, from 9 a. m. until 3 o'clock in the afternoon.

Staples, Minn., at the Closterman Hotel, Monday, May 23rd.

Aitkin, Minn., at the Willard Hotel, Tuesday, May 24th.

Brainerd, Minn., at the National Hotel, Wednesday, May 25th.

St. Vincent, Minn., at the Ontario Hotel, Monday, May 30.

Warren, Minn., at the Lyons House, Tuesday, May 31.

East Grand Forks, Minn., at the Northwestern Hotel, Wednesday, June 1st.

Moorhead, Minn., at the Columbia Hotel, Thursday, June 2nd.

Breckenridge, Minn., at the Wilken Hotel, Friday, June 3rd.

## Will Be in Brainerd.

Mr. I. Kraywitz, representing A. Zelman, fur manufacturer of Minneapolis, will be in Brainerd at the City Hotel for eight days, commencing Monday, May 30, ending Monday evening, June 6, with a full line of ladies fur jackets, stoles, scarfs and boas, also a nice assortment of fine skins. Order your new fur garment now; a good discount. Have your old furs repaired remodeled and relined. Furs taken for storage and insurance during the summer months. Don't fail to see him during his eight days stay in your city. Furs called for and delivered.

FOR SALE BY  
**M. J. REILLY.**

**Trials of Motherhood**  
205 Broad Street, PHILADELPHIA, PA., June 12, 1903.  
I suffered for nine years with ovarian troubles making life a burden to myself as well as to my family. During that time I had two miscarriages and although we longed for a child to bless our home this seemed impossible. I had constant racking bearing-down pains in the pelvic organs and a pulling through my limbs with frequent headaches. I felt sick at my stomach and vomited frequently and no medicine helped me until I tried Wine of Cardui.  
Then my general health improved, the pains gradually lessened and after 18 weeks I was well. I am now the happy mother of a boy eighteen months old and my husband joins me in sending heartfelt thanks to you for your splendid medicine. Without it, I would have been a childless, instead of a happy and well mother.  
*Mrs. Frederick Nirdlinger*  
CHAPLAIN, ST. ANDREW'S ASSOCIATION.  
**WINE OF CARDUI**  
Wine of Cardui is the most successful menstrual regulator. By regulating menstruation, Wine of Cardui banishes inflammation from the entire female organism and the strengthened ligaments bring the organs back to their proper place. This is what Wine of Cardui did for Mrs. Nirdlinger. It banished the racking pains and burning inflammation and brought her relief. She was restored to health and strength and gives Wine of Cardui the credit of making her able to become a happy mother. This medicine equips a woman for every duty of wifehood and motherhood. There are many suffering women who think that health can never be theirs because they cannot secure the services of a great specialist, but we want to say right here that while Mrs. Nirdlinger lives in Philadelphia, a great medical center, she depended on Wine of Cardui for a cure and she was cured. This same medicine is within your reach. Will you take it?  
All druggists sell \$1.00 bottles Wine of Cardui.

## CZAR REVIEWS HIS TROOPS.

Says He Is Sure They Will Maintain Ancient Military Renown.

Poltava, May 1.—Emperor Nicholas arrived here at 2 o'clock p. m. and was welcomed by an immense crowd. After a visit to the cathedral he drove through the streets, which were decorated with flags, to the parade grounds, where he reviewed the troops. In a brief address to the soldiers he said he was sure they would maintain their ancient military renown and concluded by blessing the regiment and presenting them with ikons.

His majesty left Poltava at 5 o'clock amid scenes of great enthusiasm.

## TELEGRAPHIC BREVITIES.

Lord Curzon of Kedleston, viceroy and governor general of India, has arrived in England.

George Augustus Hamilton Chichester, fifth Marquis of Donegall, is dead at London. He was born June 27, 1822.

Miss Clara Barton has resigned the presidency of the American Red Cross society and has been succeeded by Mrs. General John A. Logan.

The enormous budget demands for the Austrian army and navy, carrying a total of \$51,791,290, have caused the utmost bewilderment among all parties.

At Paris Santos Dumont Sunday made a successful half hour's trial with his dirigible balloon No. 7, which he will take to the St. Louis exposition.

Dr. Grant Showerman, assistant professor of Latin in the University of Wisconsin, has been appointed to fill the chair of Latin at Princeton university during the college year of 1904 and 1905.

## A Dance Cure.

Dr. Bischoff of Valdivia, Chile, describes the hard work of the mining peons, who carry 150 pounds of ore in bags strapped to their shoulders while they climb up hundreds of feet on ladders, often consisting only of notched trees. They toil without a recess from 6 a. m. to 4 p. m. and might seem to be in need of all the rest they can get, but before supper prefer to take the strain out of their muscles after a fashion of their own—viz, dancing vehemently to the sound of a fiddle for an hour or two or even longer if their lady friends happen to muster in force.

## National Manners.

It is curious to watch on board a steamer how the men of different nationalities behave to a lady no longer young who is traveling alone. The Frenchman is absolutely rude if he gets the chance; the German simply takes no notice; the Austrian is frigidly polite; the Englishman takes trouble to be kind if his aid is solicited; the American is kind from habit and without effort.—London Standard.

## Fathers and Sons.

Descanting on the changes in life and work brought about by time, a farmer said, "When I was young I used to think my father had a muckle sense, but my sons look on myself as a born idiot!"—"Reminiscences," by Sir Archibald Colquhoun.

## EDITORS IN SESSION.

National Association Meets in World's Fair Grounds.

St. Louis, May 17.—The nineteenth annual convention of the National Editorial association, comprising 500 delegates representing the state press organizations of the United States, convened during the day in the Hall of Congresses and will be in session four days. Captain Henry King, editor-in-chief of the St. Louis Globe-Democrat, chairman of the committee of welcome, presided. When Chairman King rapped for order the audience arose and sang "America," after which Rev. C. H. Patton, pastor of the First Congregational church of St. Louis, offered the invocation. The convention was then formally welcomed by President D. R. Francis of the exposition.

P. V. Collins of Minneapolis, president of the association, then delivered his annual address. He referred to the press as the potential power in the preservation of good government and said that upon the American press today devolves the infinite responsibility of directing the destiny of the American people. He said that "yellow journalism" is largely responsible for the increase in crime.

## Made Young Again.

"One of Dr. King's New Life Pills each night for two weeks has put me in my 'teens' again," writes D. H. Turner of Duncasstown, Pa. They're the best in the world for liver, stomach and bowels. Purely vegetable. Never gripe. Only 25c at H. P. Dunn & Co's. drug store.

## REPORTED BY KUROPATKIN.

Jack Land at Huangtsiatung and Start for Kaiping.

St. Petersburg, May 17.—The following telegram from General Kuropatkin to the emperor, under date of May 16, has been given out here:

"Toward noon seventeen steamers approached Sungyuecheng and opened fire upon the town, while five vessels approached the shore.

"At 1:30 p. m. three large steamers appeared off the cape and at 3:20 p. m. the enemy landed at Huangtsiatung and commenced a march in the direction of Kaiping."

Scratch, scratch, scratch; unable to attend business during the day or sleep during the night. Itching piles, horrible plague. Doan's Ointment cures. Never fails. At any drug store, 50 cents.

## MCDONALD ON TRIAL.

Accused of the Murder of Miss Sarah Schafer at Bedford, Ind.

Bedford, Ind., May 17.—After a restless night spent in his cell in the Lawrence county jail, James McDonald, charged with the murder of Sarah Catherine Schafer at Bedford on the night of Jan. 21, was placed on trial Monday. McDonald entered the crowded court room with a confident air.

The work of selecting a jury is going to be of a more difficult nature than anticipated, the special venire of 100 names being exhausted without securing a jury.

## A Good Thing to Know.

That the cement used in your sidewalk is Atlas, regardless of who lays the walk. Insist on Atlas.

## COWS TRAINED FOR THE TEST

Jerseys at the World's Fair Are Expected to Show That They Are Superior to All Other Breeds.

The herd of Jersey cows assembled at the World's Fair at St. Louis to represent the Jersey breed in the universal dairy test has been inspected and has been pronounced in perfect condition and ready to start upon their six months' grind on a day's notice.

W. R. Spann of the Burr Oak Jersey farm, Dallas, Tex., was the inspector, and he was thorough in his work. He passed a week on the Exposition grounds, and much of the time was spent in and around the Jersey cattle barn, and the condition of each individual of the herd of forty cows was definitely ascertained.

Never was more intelligent and careful treatment lavished on animals. No athlete was ever better trained for a contest requiring the development of speed, skill and endurance than has been this herd of Jerseys. When it is known that this herd is to compete with selected herds of Holsteins, Short-horns, Brown Swiss and Devons, and the herd making the best score for the production of butter, milk and cheese is to establish the standing of the various breeds, the importance of the cows being in perfect condition may be understood.

For a solid year the Jerseys have been in constant training. Twenty-five cows will participate in the contest. Cows were selected from the best herds in the United States.

Dr. J. J. Richardson, president of the American Jersey Cattle Club, under whose auspices this entry is made, toured Europe and visited the famed Isle of Jersey, where the breed originated. He was seeking the best cows, but returned satisfied that Europe could show no cows that were better than those bred in America.

Though only twenty-five cows will participate in the test, forty cows were selected. They were assembled at Jerseyville, Ill., a year ago. This is near St. Louis, and the cattle have become acclimated. Last December they were removed to St. Louis. The cows are the property of individual members of the club and are loaned for the term of the test. C. T. Graves, a breeder at Maitland, Mo., was selected as the superintendent to have charge of the cattle, and he has been highly complimented by Dr. Richardson and Inspector Spann for the wonderfully fine condition in which he has placed the herd.

A series of model dairy barns have been built for the breeds competing in the test. The barns are octagonal in form, and are so arranged that the cows are in the center and a wide promenade permits visitors to pass around and view the cows as they stand in their stalls.

The milking and feeding are to be done in plain view of the public, and representatives of the various herds will at all times have access to all the barns to see that no sharp practices are indulged in.

The test not only consists in showing the amount of butter, milk and cheese produced, but the cost of production is taken into consideration. Every ounce of food given each cow is weighed and carefully recorded. When the cows are milked, the milk is conveyed to a model creamery in the Agricultural building, where it is tested and made into butter and cheese and where all records are carefully kept.

The Jersey cattle participated in a similar test at Chicago during the Columbian Exposition and carried off first honors. Superintendent Graves is sanguine over the result of the present test. He says that the Jerseys have always demonstrated their superiority over all other breeds when placed in competition, and this time they will show to better advantage than ever. Not only is the Jersey milk richer in butter fat than the milk of any other breed, says Mr. Graves, but it can be produced at a less cost. The Jersey cows are the smallest of the standard breeds, and he asserts that they consume less feed. They assimilate their food, and it is converted into milk and butter and is not used in building up and sustaining a large carcass.

"We are going to make all other breeds take to the woods after this test," said Mr. Graves. "A few days ago I was testing some of our Jersey milk, and my hands were all sticky and greasy from the enormous amount of butter fat the milk contained. Mr. Von Heyne, who is in charge of the Holsteins, sent over a quantity of his milk for me to test. Of course, from a commercial standpoint, there was no comparison between the milk, but it was a pleasure to test his milk, for when I got through there was no grease on my hands. After this I will have a bucket of Holstein milk around handy to wash my hands in after testing our own rich Jersey milk."

The test begins May 16 and continues 120 days.

## Unique California Map.

A unique exhibit at the World's Fair was prepared by the agricultural department of the University of California. It is a large map, so colored as to show the character of the various soils of the state. It gives a clear idea of the situation and the extent of the arable and tillable sections. In the localities that cannot be cultivated are shown the Sierras, the lava beds and the desert. The map indicates the location of the cultivable portions of the mountains and Mohave plateau and shows the nature of the foothills and valleys of that wonderful state.

## GENERAL PEARSON ARRESTED.

Webster Davis Files Complaint Against Boer Officer.

New York, May 17.—General Samuel Pearson of Scranton, Pa., who served under General Louis Botha in the Boer war, and Cornelius W. Vandershoof, a foreign correspondent, were arrested in this city Tuesday on the complaint of Webster Davis, who was assistant secretary of state under President McKinley, and were held in \$1,500 bail each, by Magistrate Cornell, charged with "suspicion of blackmail."

Mr. Davis claimed to have received letters from General Pearson and also a letter, unsigned, threatening his life unless \$30,000 were forthcoming. The two letters written by General Pearson were simply requests for an audience.

General Pearson, who says he has a war claim against the Boer government for \$55,000, says he wanted an accounting from Mr. Davis of \$40,000 in gold entrusted to him by the Boers.

## ROSEBUD INDIAN LANDS.

Four Hundred Thousand Acres to Be Opened for Settlement.

Sioux Falls, S. D., May 17.—The Rosebud Indian reservation in the southeastern part of South Dakota, in the great corn belt of the Missouri valley, has been turned over by the Indians to the government for public allotment under the United States homestead laws. The reservation is easily reached from Chicago, Omaha, St. Paul, Minneapolis and other Western centers. About 400,000 acres are in the reservation and the only requirement for entering is citizenship, not less than twenty-one years of age, and the payment of \$1.00 per acre at the time of entry, with deferred payments of 75 cents each at the end of two, three, four and five years. The applicant must be present in person at the registry land office at Bonesteel, Fairfax or Yankton, S. D., for registration. The books will be open July 5, and the drawings begin July 28, final entry to be made Aug. 6.

## TWENTY-TWO DISCHARGED.

Wholesale Dismissal of Great Northern Conductors.

St. Paul, May 17.—The Great Northern's discharge of twenty-two conductors, which has already been the subject of one conference of the general grievance committee in this city, may be followed by troubles involving the conductors of the system.

General Superintendent Slade charges that the discharged men were collecting fares for which they made no returns to the company.

## Explorer Stanley Buried.

London, May 17.—The funeral of the late Henry M. Stanley, the African explorer, was held at Westminster abbey during the day in the presence of a large crowd of notables.

## TELEGRAPHIC BREVITIES.

Grand Duchess Pauline of Saxe Weimar died Tuesday at Rome.

A count of two-thirds of the city indicates that Robert M. Speer (Dem.) is elected Mayor of Denver by 6,000.

Various temperance organizations have begun a campaign to make the Panama canal zone prohibition territory.

The sealing steamer Aurora, bringing Messrs. Wallace and Elson, with Leonidas Hubbard's body, arrived at St. Johns, N. F., Tuesday.

## WILL BE HELD FOR RANSOM.

American and British Citizens Carried Off by Bandits.

Tangier, Morocco, May 2.—An American citizen named Perdicaris and his stepson, a British subject, were carried off by the well known bandit, Raisuli, and his followers and will doubtless be held for a heavy ransom. The captives were staying at Perdicaris' summer residence, only three miles from Tangier, when the bandit attacked and captured them.

Washington, May 2.—Orders have been sent to Rear Admiral Chadwick to be delivered at Tenerife, Canary Islands, directing him as soon as he arrives there to coal one of his ships and send it to Tangier.

## Will Meet at Buffalo.

Indianapolis, May 2.—The railway master boltermakers selected Buffalo for the next convention and elected W. H. Laughridge of Columbus, O., president and J. T. Johnson of St. Paul third vice president.

## STIMULATES ENTHUSIASM.

Journey of the Czar to Bid Farewell to His Troops.

Kharkoff, May 17.—Emperor Nicholas' long journey, the purpose of which is to say farewell to the Tenth and Seventeenth army corps, which belong to the famous black soil region south of the headwaters of the Volga between the Dnieper and Don, is serving the double purpose of stimulating the officers and men on the eve of their departure for the front and of stirring the patriotism of the people to a high pitch of enthusiasm.

If any lingering doubts remained as to the popularity of the war they have been dispelled by the personal presence of the sovereign. The emperor, accompanied only by his military suite, is traveling in a special train. Crowds throng every station and cheer the emperor. Guards are stationed all along the railroad and the czar literally passed between a double hedge row of soldiers for 1,000 miles.

At Belgorod the emperor said farewell to two regiments and then came here to review an entire division. After the review, which was a grandly martial affair, the emperor was almost overwhelmed by the enthusiastic crowds to which he spoke in hopeful tenor.

Repeatedly since his departure from St. Petersburg the emperor has talked of his great desire to go to the front and he said he would assuredly go if the succession to the throne were assured.

## Results That Tell.

DOINGS OF A GREAT SPECIALIST

Facts to Which His Patients Testify.

Not in the history of specialism have such remarkable cures been made as are now being made by Dr. Rea. People from all over the northwestern country, far and near, continue to flock to his offices for his form of special treatment, all to find always the same quick relief. Dr. Rea's visits throughout the Northwest have proven to be of great good and certainty he is deserving of the full amount of patronage that he is receiving. After having practiced his specialty for the last fifteen years, traveling all over the United States and coming in contact with the worst forms of all chronic diseases, it is naturally to be expected that he would know more of one's condition and more liable to diagnose properly those forms of the many peculiar diseases to which the suffering of the community are especially liable.

A case particularly interesting which comes to our notice, is that of Martin Johnson, of Havana, N. Dak. Mr. Johnson was suffering from an affliction which puzzled the principal physicians throughout the Northwest and having tried most of them without any relief, was persuaded to go to Chicago, where he could have the advantage of the best specialists and have every opportunity to get well. Acting on their advice, he was taken to one of the principal hospitals in that city, where he remained for six weeks, having the best of hospital treatment but continued to get worse all the time. Failing in this and as a last resort he was advised to go to Hot Springs, Ark., and there take the baths which would be of benefit to him. Arriving there more dead than alive, he stayed there for some time trying the principal doctors, taking the baths regularly and the out-door exercises which were particularly advantageous in the climatic conditions of that country, all to be of no relief to him and after an expense of \$8000.00 decided to return home, expecting soon to die as he had gradually grown worse until he was then considered beyond all hope of relief.

Mr. Johnson, seeing in some of the principal papers of some of the remarkable cures made by Dr. Rea, some of them whom he had known to have been sick for years, now decided after eight months of constant suffering, to try the treatment of this remarkable man. Seeing that he was to visit Moorhead, Minn., in a few weeks, went there to meet him for consultation and examination and to place himself under his care. Calling at his office he found many others also waiting to consult the doctor for their ailments. After waiting for some time, he was shown into his office, there Dr. Rea took him by the hand and looking him squarely in the face said, "Your trouble is confined to your liver, stomach and bowels. You have been improperly treated, in fact drugged almost to death, but with proper treatment properly administered and with the right care, you can yet be made a well man." Imagine the joy that must have entered that man's heart from those few words, "You can be made a well man."

It brought joy to his heart that can come only to a person who has been standing on the brink of the grave and snatched back again. Dr. Rea wrote out a prescription, handed it to him and said, "Give this to my druggist across the hall. He will supply you with the medicines that I want you take for the coming month."

Two weeks from that day he was working on his farm feeling most as well as he ever did in his life. He is indebted to Dr. Rea for his life and says he shall never cease to praise him. We have seen hundreds of others since, who have doctored with him and all have found the same quick relief. We have met many of his patients. Some of them come as far as 300 miles to see him. Dr. Rea has his enemies as well as his friends, but we want to say that his enemies comprise only a few and they are the skeptics who would not have faith in any one or have been badly treated by others and know nothing at all of Dr. Rea, in fact they never saw him or anyone whom he treated. Some very remarkable cures that he has made throughout the Northwest have come to our notice and we consider Dr. Rea the greatest of modern specialists. In the interest of the readers of this paper, we herewith publish, with permission of Dr. Rea, the names of some of the most prominent cures that he has made.

Mrs. Lewis Beckel, London, Minn., cured of a bad cancer on the face. Cured in two treatments. She had a number of other doctors.

Eddie Nootleman, Winona, Minn., cured of chronic catarrh and bad blood. John Ronning, Garfield, Minn., cured of deep abscess in the back and spinal disease.

Clara Peterson, Warren, Minn., cured of anemia, stomach and liver trouble.

Mrs. Julius Winkler, Brainerd, Minn., was bedfast with rheumatism, stomach and liver trouble, and unable to turn herself in bed. After being treated three months by Dr. Rea she is now able to be up and around the house, is

free from pain and feeling better she has for years.

Mrs. P. Osbe Colburn, Brainerd, Minn., says after taking Dr. Rea's treatment she feels better now than she has for the last fifteen years. She treated by many other doctors throughout the country without any relief.

Mrs. A. J. Schendel, Brainerd, Minn., had suffered for years with gastric ulcer of the stomach and a nervous system. Permanently cured by Dr. Rea three months.

Mrs. O. C. Olson, Brainerd, Minn., cured of throat and stomach trouble suffering for many years. Had many other physicians without any relief.

Mrs. Nellie Carlson, Aitkin, Minn., had suffered from gastric catarrh of stomach for years and heart trouble. Says she never found any doctor could get at her case like Dr. Rea done.

Mrs. Robert Curran, Emerson, Minn., had nervous prostration for years dyspepsia, liver and kidney trouble. Permanently cured by Dr. Rea.

Joseph Swartz, Brainerd, Minn., suffered from rheumatism for years had been pronounced incurable other doctors. Dr. Rea cured him permanently and he is now doing his usual work in the N. P. shops.

Jacob Kemmerle, Cavalier, N. Dak., cured of liver, bladder and kidney trouble.

R. Augustine, formerly Brainerd, Minn., now St. Paul, has been given to die. Doctors told him he had cancer of the stomach. Dr. Rea cured him five months. He is working in a machine shop in St. Paul.

J. W. Tibbets, Aitkin, Minn., cured of cancer of the lip in three treatments by Dr. Rea's hypodermic injection treatment.

Mrs. N. J. Clarkin, Los Angeles, Cal., formerly Brainerd, Minn., cured of longstanding bronchial lung trouble.

This is some of the work of this wonderful man, and may he be successful in the future as he has been in the past.

## SPECIAL TO THE DISPATCH.

Dr. Rea the noted specialist has arranged to make his next professional visits to the following towns:

Duluth, Minn., at the Spalding Hotel, Saturday, May 21st, from 9 a. m. until 3 o'clock in the afternoon.

Staples, Minn., at the Closterman Hotel, Monday, May 23rd.

**WINE OF CARDUI**  
Wine of Cardui is the most successful menstrual regulator. By regulating menstruation, Wine of Cardui banishes inflammation from the entire female organism and the strengthened ligaments bring the organs back to their proper place. This is what Wine of Cardui did for Mrs. Niedlinger. It banished the racking pains and burning inflammation and brought her relief. She was restored to health and strength and gives Wine of Cardui the credit of making her able to become a happy mother. This medicine equips a woman for every duty of wifehood and motherhood. There are many suffering women who think that health can never be theirs because they cannot secure the services of a great specialist, but we want to say right here that while Mrs. Niedlinger lives in Philadelphia, a great medical center, she depended on Wine of Cardui for a cure and she was cured. This same medicine is within your reach. Will you take it?  
All druggists sell \$1.00 bottles Wine of Cardui.

## THEY MEET AFTER LONG SEPARATION

### Mrs. L. Morse Comes to Brainerd to See Her Brother, An Old Time Resident

#### SEPARATED THIRTY-FIVE YEARS

#### Old Couple Were Very Much Elated Over the Happy Meeting.

There was a happy meeting at the N. P. depot this noon when Mr. and Mrs. L. Morse, of Warners, Wis., arrived from the south and were met by A. J. Morse, who is a carpet weaver on Ninth street south. The latter Morse and Mrs. L. Morse are brother and sister and they had not seen each other in thirty-five years, before the war.

They were both quite young when A. J. Morse left home for the west, but it was thought that they would soon meet again as he did not intend to leave his eastern home permanently.

Finally she was married to a cousin and they settled in Wisconsin where they have made their home for many years. A. J. Morse has been a resident of this city for a long time and although but a hundred miles away from his sister never had the opportunity of seeing her until today. They finally decided that they would make an effort to see each other and arrangements were made for Mr. and Mrs. L. Morse to visit Brainerd and they arrived today. The greeting at the depot was a most dramatic one and as the brother and sister stood embraced in each others arms, the tears streaming down their cheeks. The scene attracted the travelers on every hand.

## MUSIC AND DRAMA.

### "THE GAME KEEPER"

"The Game Keeper" opened last night at Cordray's and its reception by the good sized audience was as pleasant as the Irish melodies Thomas J. Smith, the young comedian, sang. A dozen years ago Will Scanlon sang "My Nellie's Blue Eyes" much the same as "I've Got My Eyes on You" was rendered last night by Mr. Smith, and let it be said that when an Irish comedian reaches a degree of excellence where he can be compared with Scanlon no higher compliment can be paid. Not alone does

Mr. Smith carry off the full honors of being able to present a very acceptable entertainment, but facts argue that his entire company, with one or two exceptions, is well rounded out, and each individual fits the niche in rich Irish romance and humor created for him by Rowland and Clifford, who built the pretty play.—Daily Journal, Portland, Or., March 12, 1904.

Seats are now selling at Dunn's drug store for "The Game Keeper" which comes to the Brainerd opera house next Monday, May 22.

If you love your wife build her a sidewalk of Atlas cement. It is the whitest, prettiest, strongest and best.

We will stake our business honor on the quality of these goods.

## CROP CONDITIONS ARE FAVORABLE

### Supt. J. A. Wilson Has Been Over the County And Has Noticed This Particularly

### GRASS AND GRAIN LOOK FINE

### In Fact They Never Looked Better at This Season of The Year According to Reports

Several days of sunshine, two or three of them good hot days, has made a great change in the appearance of the broad acres of Crow Wing county, and Supt. J. A. Wilson, who has just completed a trip throughout the county, states that the small grain and grasses never looked better at this time of the year.

The past week, according to Mr. Wilson, has seen great progress in the growing crops and there is now assurance, with favorable weather, that the yield will be better than in years.

The grass is a little backward, but the indications are that the crop will be the biggest in many years. This will be a Godsend to many of the farmers of this section of the state who experienced a hard winter with their stock.

The acreage will be much larger this year than last too, as there has been considerable new land placed under cultivation. Withal the conditions at present are very favorable for a big crop.

## ANOTHER BOAT FOR MILLE LACS

M. S. Rutherford Here to Superintend the Unloading of a Boat Being Sent to this Beautiful Lake

M. S. Rutherford, and wife of Princeton, were here yesterday. He was overseeing the shipping of the new gasoline launch which stood in the depot yard yesterday afternoon and which was pronounced a "beaut." It has been unloaded on to proper trucks for movement to Midland where it will be launched for the lake trade. It is for the Eastern Minnesota Land Company and will carry about 25 passengers, and it is the seventh boat on the lake. The "Remick" was launched at Midland Wednesday. This will greatly help towards the tourist's pleasure and to make that the coming summer resort.

## RAILROAD GOSSIP

The following little dispatch from Missoula is significant:

"Twenty Northern Pacific switchmen walked out today as the result of the company reducing the force. The trainmaster and assistant superintendent are making up trains."

The Northern Pacific's north coast limited trains are undergoing a course of treatment at the Como shops and the equipment, as it can be spared, is being sent in for renovation. The work is being done on a few cars at a time, and, by the first of the month, will be completed. Many of the coaches, fresh from the shops, have been restored to service.

The fact that the Northern Pacific has sort of promulgated a new rule regarding excursion trains, it is thought that there will not be the usual number of excursions from Brainerd, this year. Under the new management the price for a train is so high that no organization or individual feels like taking a plunge. The train the Bachelor Maids secured to go to Aitkin, for instance, cost them \$125. It is understood the rates for trains to other points will be in proportion.

The Northern Pacific has been making some improvements again in the vicinity of the ice house in this city. The scaffolding which was put up last winter on the south side of the building has been taken down and the spur track running near it has been moved up in close proximity to the building so that ice can be loaded right into the cars.

## Death of August Dickhaus.

The following regarding the death of August Dickhaus, brother of William Dickhaus, of this city is taken from the Beardstown, Ill., Enterprise:

"August F. Dickhaus an old and respected citizen of this city died Friday morning at 7:40 o'clock at his late home on the corner of Fifth and Jefferson streets. Deceased was a cigar manufacturer by trade, and had conducted a cigar store in the city for many years. He was compelled, however, by his failing health to close his place of business about four months ago. Consumption was the cause of his death. He was 40 years and 8 months of age. He leaves a father, F. Dickhaus, two brothers, Henry of this city and William of Brainerd, Minn., and five sisters, Mrs. L. Deppe, Mrs. F. Schlueter and Mrs. Lizzie Weig and of this city and Mrs. Henry Schaefer of Springfield, Ill., and Mrs. J. Curtin, of New Jersey, to mourn their sad loss.

"Funeral services will occur from the residence, Sunday afternoon at 1:30 o'clock and at the Sixth street Lutheran church at 2:00 o'clock and will be conducted by Rev. F. Berg. Interment in the Oetgen cemetery."

You'll need a spring tonic, take Hollister's Rocky Mountain Tea. See it drive out the impurities, revitalize your system. Feel it give you new blood and strength. 35 cents, tea or tablet form. H. P. Dunn & Co.

**MRS. MARY NUBBE DEAD**

Wife of a Well Known Resident of the Daggett Brook Country Died Very Suddenly Last Night at Hospital.

Mrs. Mary Nubbe, wife of Fredrick Nubbe, of Daggett Brook, died very suddenly last night at 9:30 o'clock at St. Joseph's hospital. She was taken sick only last Wednesday and was brought to the hospital in the afternoon. She was suffering with stomach trouble and an operation was performed, but she could not survive this and passed away last night.

She leaves besides a husband, six children, three boys and three girls. She was also a sister of H. C. Zerkie, until recently in the monument business on Seventh street. The funeral will be held on Monday at Daggett Brook. The hour has not been set, as the husband is waiting to hear from relatives in the southern part of the county. Mrs. Emma Duneman is also a sister of the deceased.

## WORLD'S FAIR HOTEL ACCOMMODATIONS.

St. Louis Hostelties Prepared to Handle Vast Throngs—Prices Not to Be Increased—Hotel Inside of the Exposition Grounds With a Capacity For 6,000 Guests.

Ample hotel accommodations have been provided for the World's Fair visitors at St. Louis both within and outside of the Exposition grounds.

The Exposition management has organized a free information service. A pamphlet has been issued for gratuitous circulation explaining many of the conveniences that have been provided. A list of all the hotels, with rates, is contained in this pamphlet. The entire city has been canvassed, and many thousands of private house-

PORTION OF VARIOUS INDUSTRIES BUILDING, WORLD'S FAIR.

holders have arranged to receive visitors. These houses are in every section of the city, and the rates at which guests will be received is a matter of record on the books of the bureau.

The inside inn, a hotel on the Exposition grounds, has a capacity for 6,000 guests. The Exposition management has control of the rates, which have been fixed at from \$1.50 to \$3.50 per day, European plan, including admission to the grounds. On the American plan the rates range from \$3 to \$5 per day. The hotel is 400 by 800 feet and is three stories high.

There are more than 150 established hotels in St. Louis, and a signed agreement has been made between many of their managers with the Exposition officials that rates shall not be raised during the Exposition period. Many new hotels have been built on sites adjacent to the Exposition grounds, and the published fixed rates warrant the assertion that no one need pay exorbitant rates for accommodations either at hotels or private houses.

Among the new hotels may be mentioned the Hotel Napoleon Bonaparte, which stands at Clayton avenue and Skinker road, overlooking the Exposition grounds. This hostelry will accommodate 5,000 persons. The rates, European plan, are from \$1 to \$5 per day. The Grand View hotel, south of the Exposition, on Oakland avenue, has a capacity for 5,000 guests, and the rates are \$1 to \$1.50 per day, European, and \$2 to \$2.50 per day on the American plan. The Kenilworth, on West Park boulevard and Dillon avenue, has a capacity of 1,500 guests, with a rate of \$1.50 per day.

The above mentioned are a few of the new hotels that have been erected near the Exposition grounds for the accommodation of World's Fair visitors. All told there are about two score. All are within easy walking distance, and all are situated on high ground, with comprehensive views of the grounds. All of the structures are well built, and in some of them the most luxurious quarters are obtainable. The rates are established and will not be increased during the Exposition.

## NEW MUSIC FOR WORLD'S FAIR

Three Compositions by Famous People.

Band Tournament.

Musical people and all who appreciate good music may thank the World's Fair for three notable compositions, written upon the invitation of the Exposition management. These are the "Hymn of the West," by the most distinguished living American poet, Edmund Clarence Stedman, the music for which was written by Professor John K. Paine, who is at the head of the music department of Harvard university; "Louisiana," a march by Frank Vanderstucken, leader of the Cincinnati Orchestra; a waltz, "Along the Plaza," by Henry K. Hadley of New York, who has won his laurels long before this as writer of operatic and other musical compositions. This music will be heard publicly for the first time upon the opening of the Exposition on Saturday, April 30, and frequently thereafter in the musical programmes of the greatest of world's fairs. These are the only official compositions.

Thirty thousand dollars will be given in prizes for the best bands at a tournament to be held during the Exposition. All through the World's Fair the musical feature will be prominent. The most famous bands of the world are under contract to participate during considerable periods. Among these are Le Garde Republicaine band of France, the Royal Grenadier band of England, the American National band, Sousa's band and others.

## CHURCHES MAY BE UNITED.

Presbyterian Assembly at Buffalo to Be a History-Making Body.

Buffalo, May 21.—The one hundred and sixteenth general assembly of the Presbyterian church, in the United States of America, now meeting in Buffalo, will probably be a history-making body. Sentiment strongly favors union with the Cumberland church, while the Presbyterian church in the United States, another Southern body, may come within the fold. The assembly of the Cumberland church is now meeting in Dallas, Tex., and the assembly of the other Southern church at Mobile, Ala.

The assembly, by an overwhelming vote, made the report on union with the Cumberland church a special order for next Thursday.

The assembly also wiped from the minutes of previous assemblies all aspersions and charges reflecting on the Christian character of the Presbyterian church in the United States, the Southern body.

### Carpenters Go Back to Work.

Des Moines, Ia., May 21.—Seven hundred carpenters shut out since May 1 returned to work Friday. All differences having been settled. The millmen have about adjusted their difficulties and will return to work next week. It is believed the end of the big labor war is now in sight.

### TELEGRAPHIC BREVITIES.

The dock laborers' strike at Callao, Peru, is at an end.

At San Francisco, "Battling" Nelson knocked out Martin Canale in the eighteenth round.

At Baltimore Marvin Hart of Louisville and Gus Ruhlman fought twelve hot rounds to a draw Friday night.

The second anniversary of Cuban independence was celebrated Friday with great enthusiasm in Havana.

At Monroe, Wis., the first district Republican congressional convention Friday renominated Congressman H. A. Cooper.

James E. Diggins, eleven years old, was accidentally strangled to death at Harvey, N. D., by becoming entangled in a swing rope.

Benny Yanger of Chicago easily got the decision over Charley Neary of Milwaukee in a six-round bout at Milwaukee Friday night.

In a head on collision of a rock train and a switch engine at Houghton, Mich., Friday, James Jeffery, the rock train engineer, was killed.

Mortez Khan has been appointed Persian minister to Washington in place of Isaac Khan, who has been appointed minister to Vienna.

D. P. Smith, a wealthy pioneer and one of the best known hotel men in the Northwest, died Friday night at La Crosse, Wis., aged eighty-seven.

Coughs and colds, down to the very borderland of consumption, yield to the soothing, healing influences of Dr. Wood's Norway Pine Syrup.

D. M. Clark & Co. are agents for the Ostermoor mattress. Price \$15. tf

### FOUND GUILTY OF PERJURY.

Mrs. Gallagher Convicted on Her Second Trial.

Des Moines, Ia., May 21.—Mrs. Gallagher, tried a second time for perjury in connection with the murder of her husband, was found guilty Friday. Mrs. Gallagher was charged by the state with having killed her husband and attempted to burn the body. She swore the crime on one Charles Hodelay, a farmhand, and escaped. She was afterwards tried for perjury but was acquitted.

### Their Views of It.

He—Did you see the pleased expression on her face when I told her she didn't look any older than her daughter? She—No; I was looking at the expression on her daughter's face.—Detroit Free Press.

Strange to say, in Asia and Africa, where grass will not grow, the most beautiful flowers and shrubs flourish to perfection.

## JEWELRY RECOVERED

COSTLY GEMS TAKEN FROM THE DE PEYSTER MANSION ARE FOUND ON TRAMPS.

Albany, N. Y., May 21.—The sensational results of raids by the Albany police Thursday night and Friday upon a resort in South Lansing street, intended to break up a "growler gang," were believed until now to afford a sequel to the recent mysterious raid upon the family tomb on the old Livingston estate below Hudson.

The arrival of Chief of Police Malloy of Tivoli-on-the-Hudson exploded the tomb robbery theory, but brought to light the fact that the family residence of General Frederic de Peyster at Tivoli was looted Monday night in the absence of the family and Chief Malloy identified practically all of the booty as belonging to the de Peyster family. From him it was learned that this is the third robbery of the house. Upon the last occasion, he said, \$27,000 worth of jewelry was taken. He fully identified Thomas King, who is a wandering tanner, and William Johnson of Hudson, a cripple, as two of the three men whom he himself saw Monday night near the de Peyster house. Charles Murphy, also of Hudson, also is in custody and is believed to be the third man. Three other men, who were arrested in the raid, which was made upon complaint of neighbors, if the gang had dispersed as the policemen commanded, no arrests would have been made, and the jewelry might never have been recovered. They registered, however, and were brought to police headquarters. When King was searched, the amazing collection of jewelry was found upon him. He declared that he found it beside the railroad track near Reading, Pa. The house was then searched and an additional lot of jewelry was found, including broken fragments in the back yard.

The loot recovered includes 200 or 300 articles, most of them marked with names, monograms or initials of the de Peyster and Livingston families.

Chief Malloy said it was now known that no jewelry was entombed with the beautiful Lady Mary Livingston. Classified by the Police as Hoboes, were arrested in the raid, which was made upon complaint of neighbors. If the gang had dispersed as the policemen commanded, no arrests would have been made, and the jewelry might never have been recovered. They registered, however, and were brought to police headquarters. When King was searched, the amazing collection of jewelry was found upon him. He declared that he found it beside the railroad track near Reading, Pa. The house was then searched and an additional lot of jewelry was found, including broken fragments in the back yard.

The loot recovered includes 200 or 300 articles, most of them marked with names, monograms or initials of the de Peyster and Livingston families.

### GLACIER MOTION.

The Movement Is Like That of Pitch Upon a Plane.

The motion of glaciers has been scientifically defined as that of a viscous mass, partly sliding upon its bed, partly sheering upon itself under the influence of gravity. In other words, the motion resembles that of pitch poured upon a table, which spreads, not by the expansion of the bottom of the mass, but by the edges rolling over above the lower stratum, which is dragged by the table surface. It was argued against this that ice was a brittle substance, but Principal Forbes was able to show that glacier ice differs from others in possessing a distinct granular structure and that the grains, by imparting a certain amount of motion to each other, as in water, gave the whole plasticity.

The rate of motion varies with local conditions, but is sometimes extremely slow. Thus the Theodul glacier ejected, in 1885, from its end two skeletons, with fragments of clothing, and two medals, dated 1582.

Other high authorities attribute their motion to other natural forces, such as alternate expansion and contraction.

Coughs and colds, down to the very borderland of consumption, yield to the soothing, healing influences of Dr. Wood's Norway Pine Syrup.

D. M. Clark & Co. are agents for the Ostermoor mattress. Price \$15. tf

## FOUND GUILTY OF PERJURY.

Mrs. Gallagher Convicted on Her Second Trial.

Des Moines, Ia., May 21.—Mrs. Gallagher, tried a second time for perjury in connection with the murder of her husband, was found guilty Friday. Mrs. Gallagher was charged by the state with having killed her husband and attempted to burn the body. She swore the crime on one Charles Holaday, a farmhand, and escaped. She was afterwards tried for perjury but was acquitted.

## Their Views of It.

He—Did you see the pleased expression on her face when I told her she didn't look any older than her daughter? She—No; I was looking at the expression on her daughter's face.—Detroit Free Press.

Strange to say, in Asia and Africa, where grass will not grow, the most beautiful flowers and shrubs flourish to perfection.

Other high authorities attribute their motion to other natural forces, such as alternate expansion and contraction.

Isn't it true that a homely woman knows only half of life's pleasures. Ladies why not take Hollister's Rocky Mountain Tea and add the other half. 'Twill do the business. 35 cents, tea or tablet. H. P. Dunn & Co.

## JEWELRY RECOVERED

COSTLY GEMS TAKEN FROM THE DE PEYSTER MANSION ARE FOUND ON TRAMPS.

Albany, N. Y., May 21.—The sensational results of raids by the Albany police Thursday night and Friday upon a resort in South Lansing street, intended to break up a "growler gang" were believed until now to afford a sequel to the recent mysterious raid upon the family tomb on the old Livingston estate below Hudson.

The arrival of Chief of Police Maloy of Tivoli-on-the-Hudson exploded the tomb robbery theory, but brought to light the fact that the family residence of General Frederic de Peyster at Tivoli was looted Monday night in the absence of the family and Chief Maloy identified practically all of the booty as belonging to the de Peyster family. From him it was learned that this is the third robbery of the house. Upon the last occasion, he said, \$27,000 worth of jewelry was taken. He fully identified Thomas King, who is a wandering tanner, and William Johnson of Hudson, a cripple, as two of the three men whom he himself saw Monday night near the de Peyster house. Charles Murphy, also of Hudson, also is in custody and is believed to be the third man. Three other men, Classed by the Police as Hoboes, were arrested in the raid, which was made upon complaint of neighbors.

If the gang had dispersed as the policemen commanded, no arrests would have been made, and the jewelry might never have been recovered. They resisted, however, and were brought to police headquarters. When King was searched, the amazing collection of jewelry was found upon him. He declared that he found it beside the railroad track near Reading, Pa. The house was then searched and an additional lot of jewelry was found, including broken fragments in the back yard.

The loot recovered includes 200 or 300 articles, most of them marked with names, monograms or initials of the de Peyster and Livingston families.

Chief Maloy said it was now known that no jewelry was entombed with the beautiful Lady Mary Livingston.

## GLACIER MOTION.

The Movement Is Like That of Pitch Upon a Plane.

The motion of glaciers has been scientifically defined as that of a viscous mass, partly sliding upon its bed, partly sheering upon itself under the influence of gravity. In other words, the motion resembles that of pitch poured upon a table, which spreads, not by the expansion of the bottom of the mass, but by the edges rolling over above the lower stratum, which is dragged by the table surface. It was argued against this that ice was a brittle substance, but Principal Forbes was able to show that glacier ice differs from others in possessing a distinct granular structure and that the grains, by imparting a certain amount of motion to each other, as in water, gave the whole plasticity.

The rate of motion varies with local conditions, but is sometimes extremely slow. Thus the Theodul glacier ejected, in 1855, from its end two skeletons, with fragments of clothing, and two medals, dated 1582.

Other high authorities attribute their motion to other natural forces, such as alternate expansion and contraction.
